My name is AJ Baker I'm 9 yrs old from Dallas, TX. I guess you could say I'm a natural born athlete since both my parents were athletes in school and from the minute I was old enough to play sports, I played basketball and football from 4 or 5 yrs old. I joined a baseball team afterwards and really my love for all things sports blew up! I started playing flag football, but my mom felt I needed a bit more competition so I joined a select 7x7 team, and got a trainer. Turns out I was pretty good and I just wanted to grow & learn all in could learn about the sports I was playing. Natural talent is good, but working hard, learning techniques & skill makes you great! Because of some of the issues going on with my parents split, I focused on sports even more joining tackle football. I took my frustrations out on the field and sports really helped me in a tough time in my life. My mom pushes education

so I work hard in school also and if anything happened where I couldn't play bro ball, I would focus on my career as an engineer since I love to build things like motorized race cars. In the short time I've been playing select flag & tackle, along with AAU basketball I have received many championship rings and awards. Sports will fiercer be a part of my life. I'm an all around athlete with a true love for competitive sports. I plan on working hard so this can take me to college and beyond. Who knows!

Braylen Hooker

My name is Braylen Hooker. I am an 8 year old athlete from Dallas Texas. I am also an upcoming business owner for my own clothing brand. My dream is to win 4 state titles when I get to high school, and one day play in the NFL. Right now my goals are to keep straight A's in school and to be the best not only on the field but any other aspects of life. I have faced many challenges within my 8 years of life. I was born with cleft lip and palate which I have already had 3 surgeries on and more in the future. With this defect I also have a speech delay which is a struggle everyday to overcome, but with my parents, family, and teacher I have been accomplishing set goals. I do not let this define who I am. I have only been playing football for 2 years but I have won 13 championships rings. I won the Super Bowl in my 2022-2023 season and also won the heisman award. My flag team won the championship game at worlds, so now we currently hold the #1 spot in the world. I look up to several players in the NFL, but I want to be the first Braylen Hooker.

My name is Malachi but on the field I'm known as Jet. Before I could walk,

I was always interested in sports. Football being my number one. So much so that as a baby I would sleep with my ball instead of stuffed animals. I started playing ball when I was 5 and as a 5 year old,

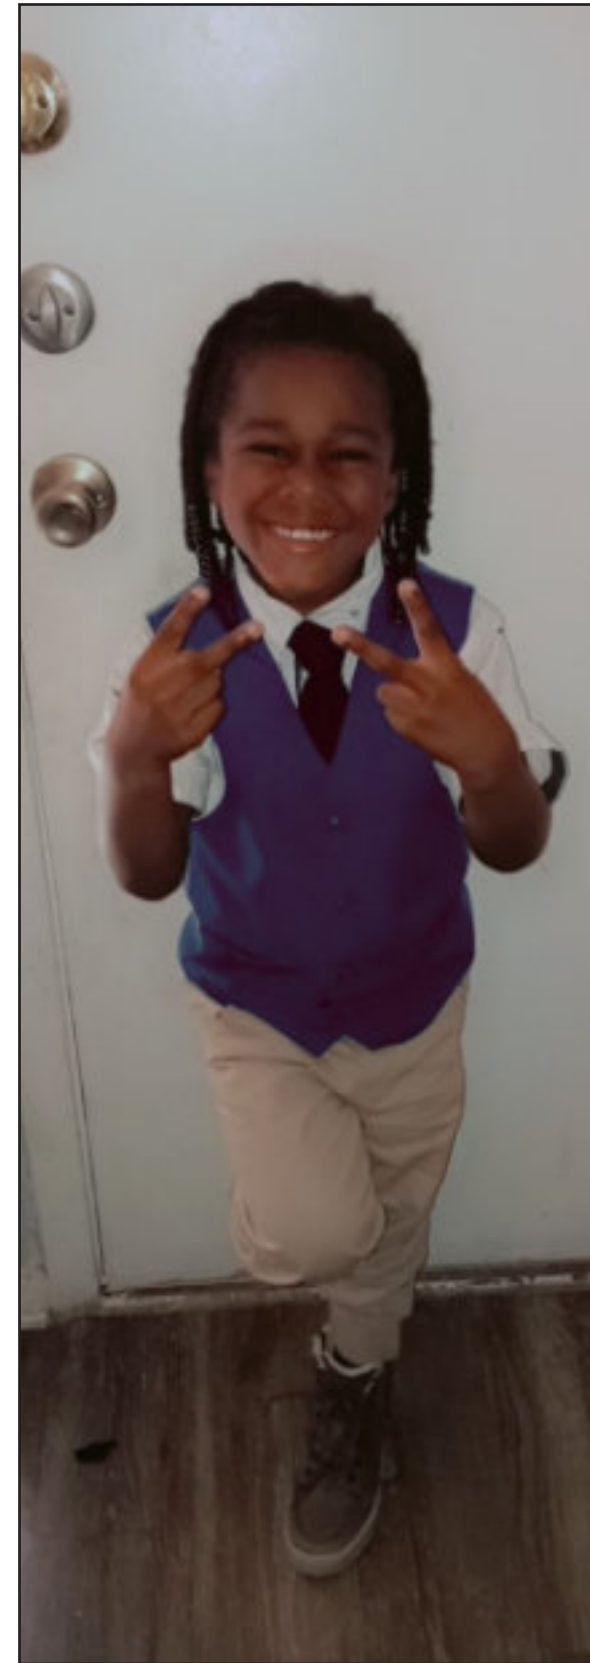

I didn't have many challenges except asthma. I know my mom sacrificed a lot for me to be able to play ball and still is but she sees greatness in me. I have achieved so much in a couple of years. Moving from a running back to a wide receiver now my coach calls me an all around athlete because I can play all positions.

have received a trophy for football and a championship ring for basketball. My goal is to have a wall full of accomplishments and to become better and better every season! I dream to be in the NFL when I get older! I will make it to the NFL and I will play for the Dallas Cowboys!
