I have accomplished everything I've set out, but one thing is to complete my degree which I'm currently working on. I can proudly say I've been published in numerous magazines, and I've adorned the box cover of several adult films. I've

shot for top companies like Reality Kings and Kink.

Growing up in a small village where everyone knew everyone I was always eager to explore the world around me. I wanted to achieve more than what I had growing up and nothing was going to stop me. I have been modeling as a hobby for most of my adult life. Now I am the CEO and Co-Founder of The Charlotte Proctor Guardian Angel Foundation. We started it in loving memory of our grandmother Charlotte Proctor. I am also the CEO of my own private customer support software company. In my spare time I really enjoy cooking and traveling to warm ocean-front locations. I am an activist for The Clean Water Act as well as a representative for Save The Children. I love animals and consider myself an animal rights advocate too!

I am a model & life enthusiast. I love finding creative ways to get the most out of life and adore sharing that with the ones I love. When I am not working I spend time with my family and look for ways to help my community. Sometimes described as, overly ambitious, I find myself in new experiences everyday. I hope to help change

the world in a positive, impactful way through various forms of art.

Growing up life wasn't the best. Growing up without my parents and in a very strict home and environment who Shunned upon girls like me made me Want More Out of Life . I truly gained my Ambition and my Drive due to me not having the lie I truly wanted , and since it was given to me I'm going to get it for myself & pass down the

abundance to my offsprings ! God is also a Big Part of my life and has helped through some of my darkest times ... So if they ask how ? God is How .

Riley has been modeling for me for 2 years. I met her on the website called Model Mayhem. She actually hit me up wanting to work with me. So I decided to have her Model my swimwear collection. She made my swimwear collection

come to life through photos. I was highly impressed with them. I am so glad that I got the chance to work with her.

I grew up very rough and at the age of 12 I joined a carnival and it traveled with them until I was 18 and I had a son when I was 16. I had another baby at 18. My life was very hard as a single mom of two boys and I always felt very alone have no friends and family. Once I started working at hooters I found that the girls and staff is the closest thing I have to family and It's opened so many doors for me and my goals to go forward in modeling may be

possible with hooters and I'm so thankful. I have had many opportunities because of hooters, and I'm looking to expand and find other opportunities in modeling. I have two children, both boys. My oldest is Ares he's 8, and my youngest Apollo is 4. I just want to be able to be succesful and pass something on to my kids.

I always like to keep a few goals in life as I find it keeps you focused and hungry to better yourself . I have set many goals and hit them over the years (to be honest once I start something I get obsessive with it until it's finished) whether that's my makeup work I do for my business, editing a photo or finishing an online course (which I did many of over the lockdowns). When I first started modelling over ten years ago I never would have be dreamed to have over ten features in

magazines let alone a cover! I had zero confidence when I first started modelling over ten years ago believe it or not and I am a strong believer that modelling helped boost my confidence...the little girl inside me is still internally screaming now. So for anyone that doesn't think they have the confidence for it just book a shoot and GO for it!!! :)
