My dream is to bring out the best in myself and keep going every day and working hard to reach my goal for the Olympics.

the challenge may be the part when my passion turn into work and doesn't feel like today anymore. the day will come but

you have to choose "the pain of discipline or the pain of regret".

My name is Caitlin Collins and I am a 12 year old dancer, influencer and model. When I was 4 years old I attended the local end of year dance concert with my pre-school and it was here that I found my inner-passion for dancing. I eagerly went home to tell my mum all about it and begged for her to sign me up. When registrations opened Mum signed me up for ballet and jazz classes! I loved it so much and the following year I signed up for tap as well and started learning routines to compete with! From the very first dance competition in Aubrey as a ballet soloist, watching the other performers inspired me to

work harder, perfect my technique and gain more physical flexibility. I loved and still do attending competitions as its all built up my self esteem and confidence to appear on stage but the best part has been all of the new friends I have made and seeing them when we compete! I also love the sportsmanship we have for each other as we all like to watch and encourage each others performances. One of the challenges I face is my leg flexibility, something that does not come natural to me. I have and continued to work on this by stretching for 20 minutes morning and night and incorporate my increased flexibility into

new tricks. A trick I have recently achieved is my leg hold, it took me 2 months to accomplish and now I will use that to begin progress on my leg hold turn. My three biggest dance dreams is to own a successful dance studio to teach my students how to become not only a better dancer but a better person. This includes helping their confidence, self esteem and sportsmanship. My next dream is to be an international choreographer, being invited to create routines for television shows, concerts or just to compete. My last but not least dream is to be competition judge, I would love to watch and teach the next generation and to show them that the best dancers aren't the best because of their technique, they are the best because of their passion. Now in 2023 I'm learning every genre including Pointe, and thanks to my second home,

Christine Wisharts Dance Studio I have 8 solos and I am currently learning 4 new ones, I am apart of 4 troupes and 1 trio! Dancing so important to me as it has helped improve my social skills, self confidence, physical fitness and promotes good mental health. Recently I have created an instagram account caitlincollins.dancer to show my dance journey and to spread good vibes and I would love if you would check it out! This year is my 8th year of dancing and I love it to bits. I couldn't be more grateful and appreciative to everyone thats helped me get to where I am, I hope that I can achieve all of my goals and push past my challenges and show everyone that when you believe, YOU can do anything!

My name is Carlize Love Vazquez, I am a ten year old from Pennsylvania. I love all things girly, so watching my older cousin Tiana compete in pageants I knew I had to as well one day. She coached me straight to success. In 2021 I competed in the International Ethereal Miss virtual pageant where all the proceeds went to Mental Health America. I won the sweetheart division title! Then in 2022 I competed at the East Coast USA Pennsylvania state pageant! This was my first ever onstage pageant and I won the peoples choice queen title! Now this weekend (April 23rd, 2023) I will compete for the ECUSA Preteen 2023 title! Outside of pageantry I love singing, drawing, acting, modeling, playing with my cat, making tiktoks, and hanging out with family and friends!!

My names Faye Delune, and I'm A Professional Model, Musician, and Photographer, (Delune Photography) of over 10+ years, but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy, but really, If I can spark a reaction of any kind from my art, then I've met my goal. I'm a huge nature lover, who's obsessed with all things astrology and space. so I try my best to incorporate nature and astrology into my work. But really, I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. "I'm A Blank Canvas, Give Me A Story To Tell." / "Lets Tell A Story." / "A Story Within Each Piece" Are the phrases I Use To Describe My Art. For the past 10 years, I've been studying and learning Modeling, Music and Photography at The Professional Level and really enjoying the artistic aspect of it all. In the 10+ years, as a model, musician, and photographer, I have had the honor of being featured in/on countless of Magazines, Runways, Commercials, Editorials, Catalogs, Websites, Social Medias, and more! I have also worked with several Brands, Companies, Businesses, Artists, Designers, Bands, and more! Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model, musician, or photographer, it allows me to meet lots of people, who usually leave impacts on me and vice versa.

I love making art, and love showing it off.

I hope you enjoy my work, and I welcome you to my world.

In just over a four year span of being an actor and model, and still going strong, I never thought I would actually be doing something I always dreamed of doing like being on television, leading roles in feature films, print modeling John Travolta impersonator and so much more. One of my dreams I recently lived was

being the leading man in a feature film and serious role at that. A horror/romance story from Acrostar Films called Desperate Souls and I'm already working a few more feature films currently. Like every career, it comes with its challenges but if I get knocked down I get back up and come out fighting. I'm not one to quit so easily. I loved

every minute of this career with the highs and lows and I don't regret it except not doing starting earlier like I was told to years ago. None of this would have been possible without the love and support from those who believed in me.
