I am an aspiring artist and student of the Academy of Watercolors. Behind me is a personal exhibition in Georgia. It was a tremendous experience. In the future, I dream of opening my own drawing studio and teaching fine arts to adults and children. I also want to promote my own paintings, participate in exhibitions and find my own name as an artist. It is important for me to move in the direction of my interests, and not in fashion trends. I have great respect for the art of the old masters, and I believe that this is the most incomprehensible, something worth striving for and reviving this art. Contemporary art can also be interesting, and I will definitely try myself in this. I am a purposeful person and will only go forward. I wish you all success!

remind everyone we are all connected and never alone. I want people to find pockets of sunshine when it feels like the rain will never stop. This world can feel too big but sometimes it feels too small and a single moment can change our reality.

I love writing music, I love how healing and beautiful music, I am grateful for writing, I am hoping to perform as much as possible in 2023,

some of my influences are avril lavingne and the beatles. I always loved how music could make me feel. I always loved how a single song can change your mood or energy in an instant. The biggest thing is I love how healing music can be and how is can change some ones live for the better.

Tasha Hillman is a young Indie singer and songwriter born and raised in Kelowna, BC. She has always been involved in performing arts with dance her whole life. Though music has always been on her mind. The ability to capture a story in art is so beautiful.

She discovered her passion for writing music when she was 16. Since then she has been cultivating songs daily about her experiences on this planet. One of her deepest moments of pain she turned

into a song and knew in that moment she had to pursue this journey. Life throws us a lot of pain we don't always know how to handle.

Songwriting and music has been this healing process that has helped me navigate the hardest parts of life. In every moment of pain and sadness I think we can still find beauty and hope.

The songs I am writing hopefully will give that hope to people when they need it most. I want to

My names Faye Delune, and I'm A Professional Model, Promoter and Photographer, (Delune Photography) of over 10+ years, but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy, but really, If I can spark a reaction of any kind from my art, then I've met my goal. I'm a huge nature lover, who's obsessed with all things astrology and space. so I try my best to incorporate nature and astrology into my work. But really, I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. "I'm A Blank Canvas, Give Me A Story To Tell." / "Lets Tell A Story." / "A Story Within Each Piece" Are the phrases I Use To Describe My Art. For the past 10 years, I've been studying and learning Photography, Modeling, Promoting and Marketing at The Professional Level and really enjoying the artistic aspect of it all. In 10 years, as a model, photographer, and Promoter, I have had the honor of being featured in/on countless of Magazines, Runways, Commercials, Editorials, Catalogs, Websites, Social Medias, and more! I have also worked with several Brands, Companies, Businesses, Artists, Designers, Bands, and more! Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model, photographer or promoter, it allows me to meet lots of people, who usually leave impacts on me and vice versa. I love making art, and love showing it off. I hope you enjoy my work, and I welcome you to my world. ~ Faye Delune FayeDelune.com - FayeDelune@Yahoo.com

North West Burlesque – Lipstick, Leather and Lace

“ If your sad, if your heart is broken then dress up, make yourself up and shine. For the only tears you need to shed are tears of rejoicing and happiness.”

We are a loose collective of performers from very diverse backgrounds who simply live to perform.

We are expanding the art of Burlesque to a new and fresh audience, where a fusion of historic and modern come together, to create a modern performance for the 21st century.

Our talented performers do this for the love of dance and of the art, our shows support various charities around the Northwest of England we do this on a voluntary basis and as such we endeavour to bring on board new talent as well as long established performers. Its so important that the art is preserved and given to a new generation, we can only do this by opening up opportunities to new and exciting performers, this year we are featuring Kitty de Vine and Amethyst Iris both new performers who will shine like the rising Sun.

We firmly believe that our shows are all inclusive there is no stereotypical performers or indeed any stereotypical audience members, everyone is there to support, empower and appreciate each other.

Our stagecraft demonstrates the beauty in the female form, we strive to show that the ladies' bodies and talent are theirs alone, beauty, brains and talent are on stage to be appreciated and loved. Our director expressed this so perfectly when she said

' Amongst all the glamour and glitz, it's a cliché, but what shines brightest, are the smiles, from performers and audience alike xx '

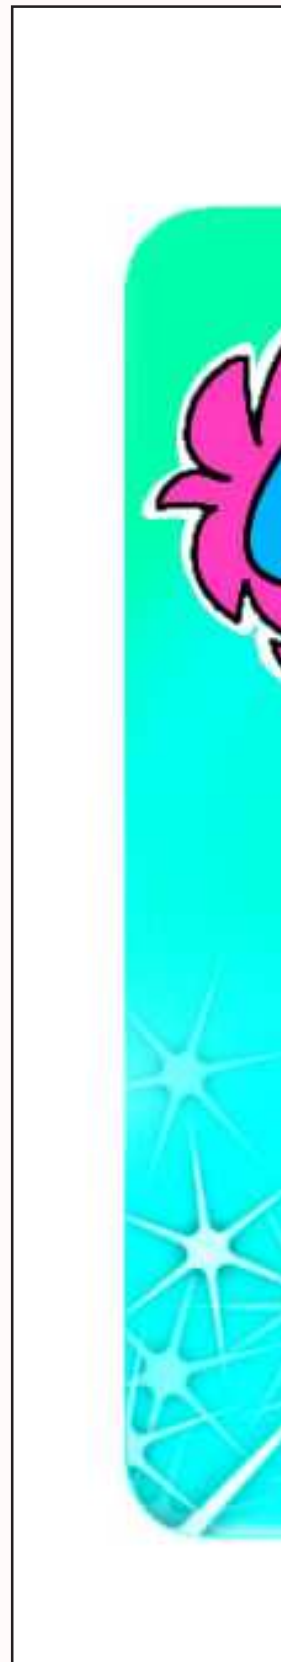

Our performers, their supportive partners and the Ladies and Gentlemen in the audience can only agree

Come along to experience the Glamour of Lipstick, Leather and Lace.
