My name is Angela and most people who know me refer to me as Angela Argentina. I am Canadian but travelled around the world and explored 34 countries, I actually lived in Northern Ireland, Costa Rica, Panama, Thailand and of course, Argentina (which is where I got the name. I speak fluent Spanish and have Latin American family and I love the food, culture, the passion... I definitely have a latin soul.

My travels inspired me to leave behind the corporate life that did not align with my true nature or satisfy me in any way. While I was travelling I got back into the arts and dancing more specifically.

Today I specialize in fire dancing and circus-like art that involves acro, fun costumes, lights, fire - you name it, however just two years ago I barely performed at all. Fire performances were not that popular or even known about in Toronto, with the exception of some outdoor festivals. So I'm happy that after just one year it became a full-time thing and I was performing indoors/outdoors and week days through the weekend.

I actually auditioned for Black Pearl and had to create my own unique act. I didn't know what to do at first to differentiate myself so I meditated on it and was guided to draw upon my gymnastics/ yoga background and my ability to hold stuff with my toes like fingers. I created a sexy little burlesque style piece where I do a whole fire flow with my feet holding the torches while I am in a headstand, it's truly unique. I've also been in a few music videos so far—which is exciting! I would love to join a huge production like Cirque du Soleil or be in a movie, however it takes a lot of practice and the right connections so I'm doing what I can with the time and resources I have.

I have put together an awesome fire reel and am excited to start another season spinning fire and making magic happen.

Hello! I'm a midwest photographer sharing my talent a few different ways. Saving animals is dear to my heart so I volunteer my photography with several local rescues. Capturing eye contact pics of dogs and cats greatly increases their chances of being adopted and find their forever family.

Several of my close friends model for me throughout the four seasons and each bring a different style to our shoot by creating their own costumes. I recently asked my models if my photos make them feel beautiful and here is the response from my close friend and model Joy. "You definitely make me feel beautiful but to me it's more that

together we make something beautiful. A dream, an imagination, a moment of delight. You allow me to share these dreams with the world which to me is the most beautiful gift."

I've been modelling for about 11 years now and it has been challenging but I have not given up. I enjoy everything about what I do.

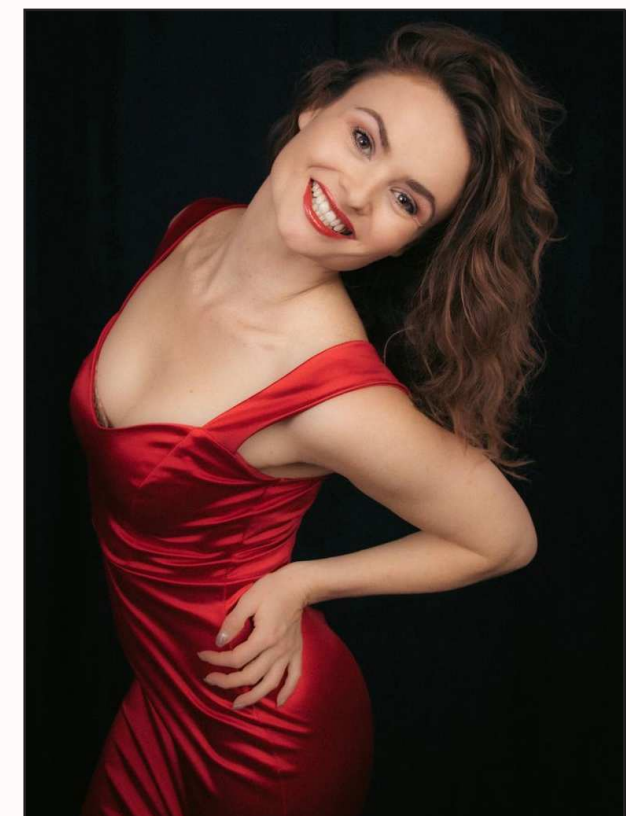

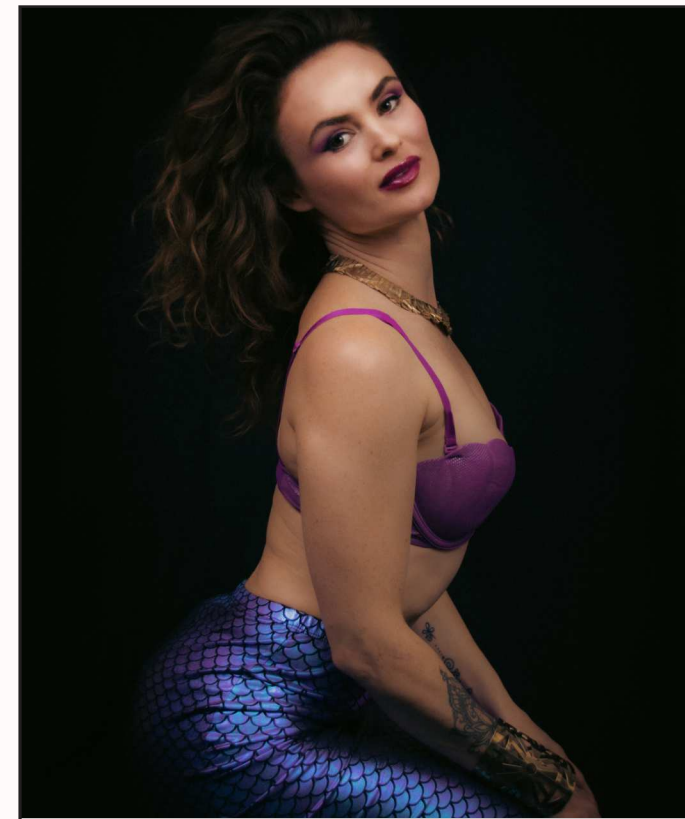

Its a breath of fresh air when times are hard and it helps me just be the creative person I am. I have also met a lot of really nice people along the way and some of them are now part of my team !!.

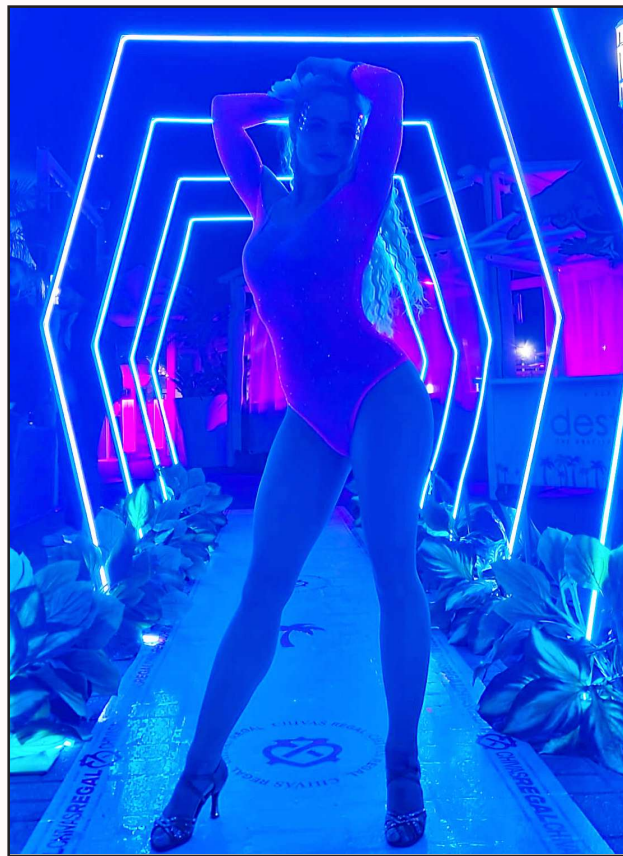

I have always had a passion for art and dressing up since I can remember ! The moral of the story is don't give up on your dreams and be the magical person you are despite the challenges you face and keep on going and smiling.

My goals are to prove and to show the world you can achive your dreams no matter what!! it takes time and dedication but in the end you will reach where you want to be.

Keep on going and keep on smiling.

Love MEL.

**Mark
Getman**

Mark Getman, a resident of Cedarhurst, NY, with his wife Lizaveta and daughter, Abigail, has set himself a challenging goal - to compete as an adult figure skater again after a 30-year break. At 50 years old, Getman has already achieved significant success by skating in six shows since returning to the ice just a year ago.

As a young skater, Getman passed his Freestyle intermediate level and is now working hard to reach that level again as an adult. However, he faces significant challenges as an adult skater, especially finding enough time to skate and practice jumps and spins just as well as younger skaters. Despite this, Getman is determined to achieve his dream of landing his double axel again, just like he did when he was 16 years old.

Mark Getman's success is not just limited to figure skating. He graduated from Hofstra University with a Bachelor's in TV Production/Photography in 1994 and holds a master's degree in religious studies and Master Certificate in Intelligence studies. He serves as the part-time Rabbi for Temple Emanu-El in Canarsie and has served in the New York Army National Guard as a Chaplain Candidate and Special staff officer from 2008-2014.

Getman currently serves as the Director of Public Affairs for the New York Guard, State Volunteer Defense Force since 2014-present and works as the Public Affairs Chief for United States Army Garrison, Ft Hamilton, Brooklyn NY since 01/2023. During his military service, he received multiple awards, including the Army Achievement Medal (2x), Army Reserve Service Medal, National Defense Service Ribbon, Global War on Terrorism, Defense of Liberty Ribbon, and Humane Service to NY State Medal (3X).

Getman has also made appearances on popular TV/streaming shows such as The Marvelous Mrs. Maisel on Amazon, The Punisher, and Orange is the New Black, displaying his versatility and talent.

Mark Getman's determination and dedication to achieving his goals, despite the challenges he faces, are inspiring. He is a true role model, not just as an athlete but also as a military veteran and a man of faith. With his unwavering spirit, there is no doubt that he will continue to achieve success in all his endeavors.

Dawna Lee Heising

My names Faye Delune, and I'm A Professional Model, and Photographer, (Delune Photography) of over 10+ years, but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy, but really, If I can spark a reaction of any kind from my art, then I've met my goal. I'm a huge nature lover, who's obsessed with all things astrology and space. so I try my best to incorporate nature and astrology into my work. But really, I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. "I'm A Blank Canvas, Give Me A Story To Tell." / "Lets Tell A Story." / "A Story Within Each Piece" Are the phrases I Use To Describe My Art. For the past 10 years, I've been studying and learning Photography, and Modeling at The Professional Level and really enjoying the artistic aspect of it all. In the 10+ years, as a model, and photographer, I have had the honor of being featured in/on countless of Magazines, Runways, Commercials, Editorials, Catalogs, Websites, Social Medias, and more! I have also worked with several Brands, Companies, Businesses, Artists, Designers, Bands, and more! Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model, or photographer, it allows me to meet lots of people, who usually leave impacts on me and vice versa.

I love making art, and love showing it off.

I hope you enjoy my work, and I welcome you to my world.

Ellie Mae Smith

My name is Ellie Mae Smith. My dream is to become a published model, writer, actress, director and on Broadway. So far I've been published in fashion magazines and in several fashion articles for modeling online. At the age of 10 I've wrote one feature film that was filmed Jan 2023 in Orlando called Hope. I've done 9 feature films, 9 theatre shows, and 2 podcasts. Challenges faced, obviously this would be rejection after an audition. But you

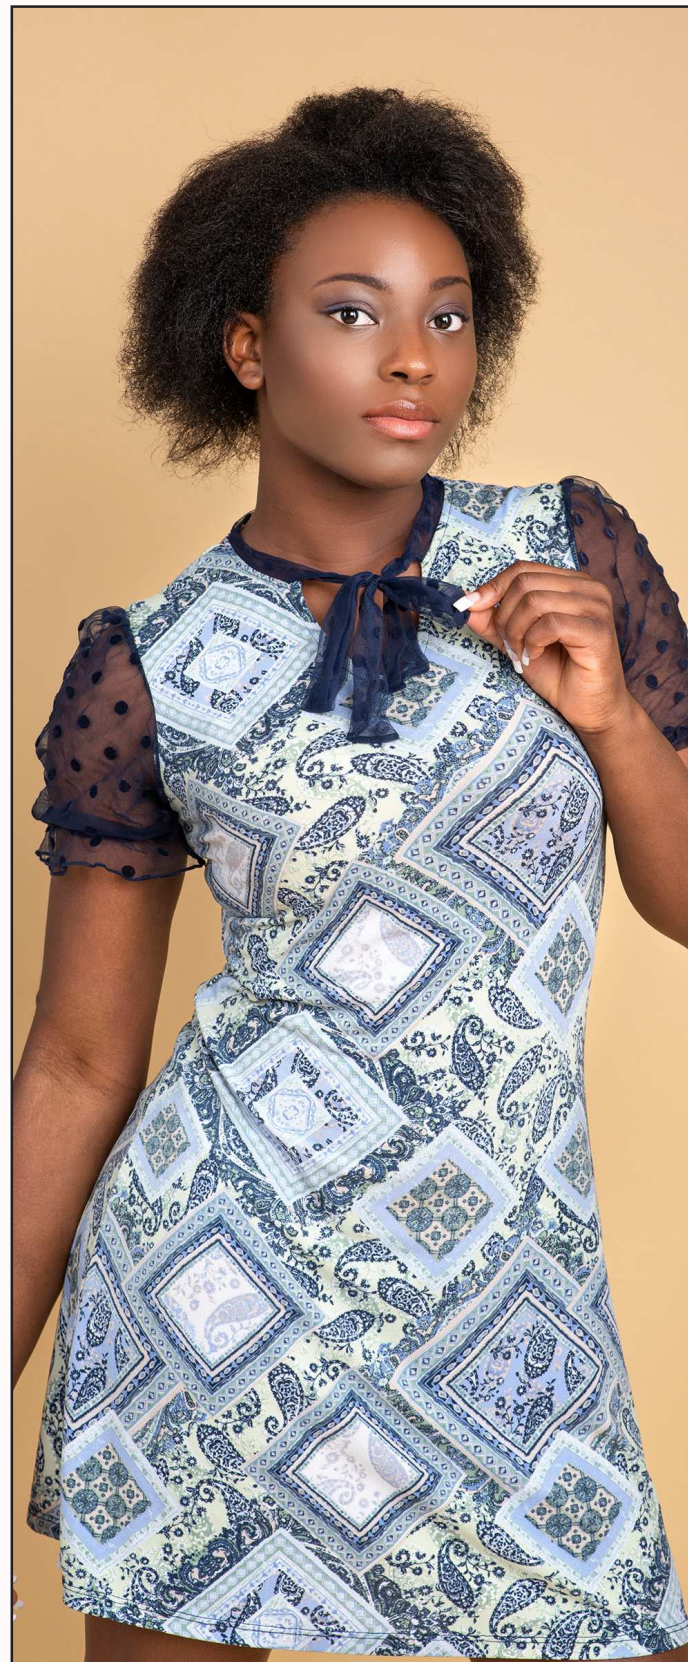

cant take it to the heart just know it wasn't you. You just didn't fit the persona they were looking for, it could have been something as simple as eye color. Just jump back up and do it again! I appreciate this opportunity to connect with you all! And remember Go for your dreams!

From a young age I wanted to be everything, from a doctor to lawyer to actress to someone who finds the cure to cancer! People have often told me my goals were unrealistic and that I couldn't do it all, but at the age of 16 I'm signed with 2 modeling agencies, walking 3 fashion weeks this year, and

even became vice president of a small company! If there is something I could tell upcoming models and all the beautiful young ladies is to never give up and to follow your heart!
