Daniel Ayala is a Colombian dancer making huge strides in the United States, he is currently one of the most prominent young dancers in the country and we can't wait to see what this young star will achieve next. Some of his biggest accomplishments are being a Finalist for the prestigious Helsinki International Ballet Competition that happens every four years and only 80 dancers worldwide get the privilege of dancing at the incredible Finnish Opera House. He has also received the Silver Medal in the Professional Category in the World Ballet Competition Finals in Florida and has gotten top places in competitions such as Youth America Grand Prix, Universal Ballet Competition and Dance Open America.

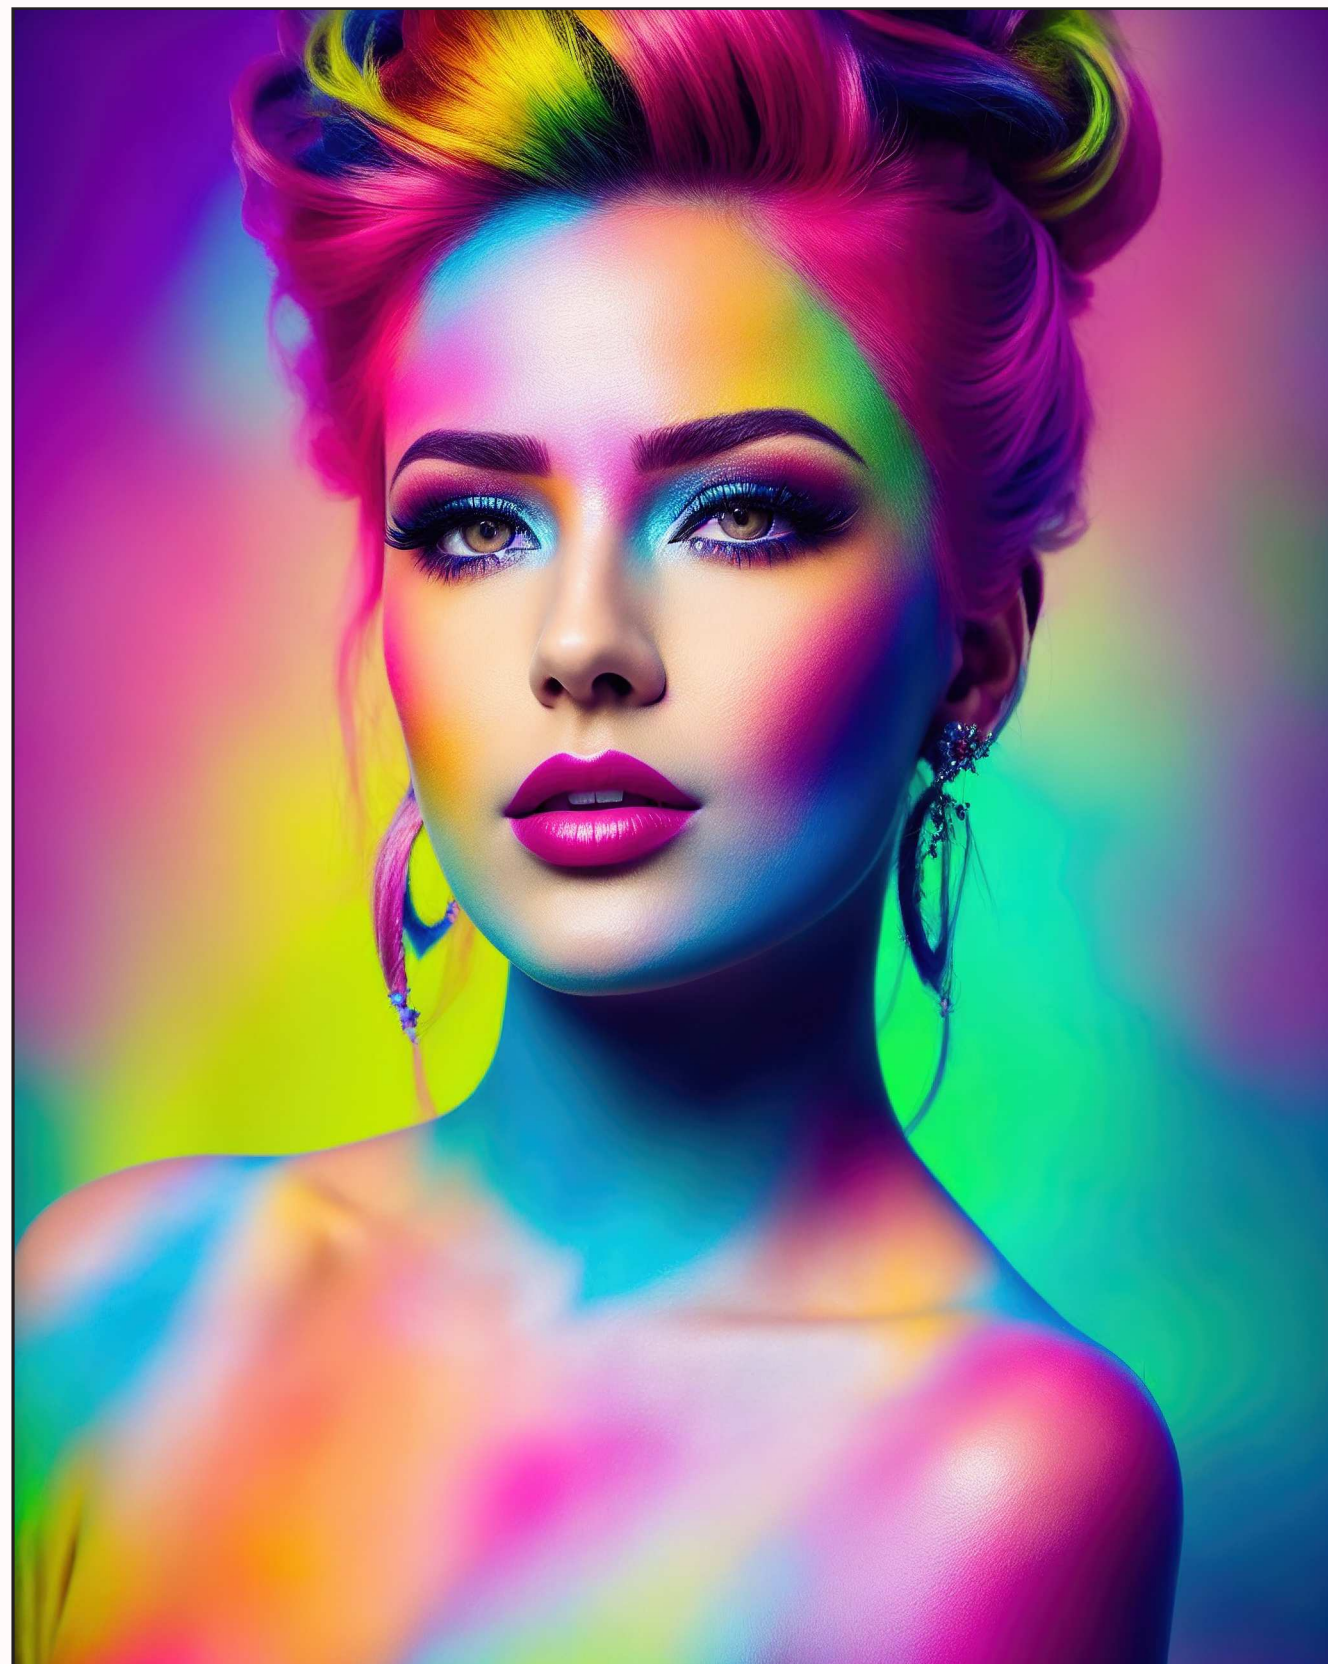

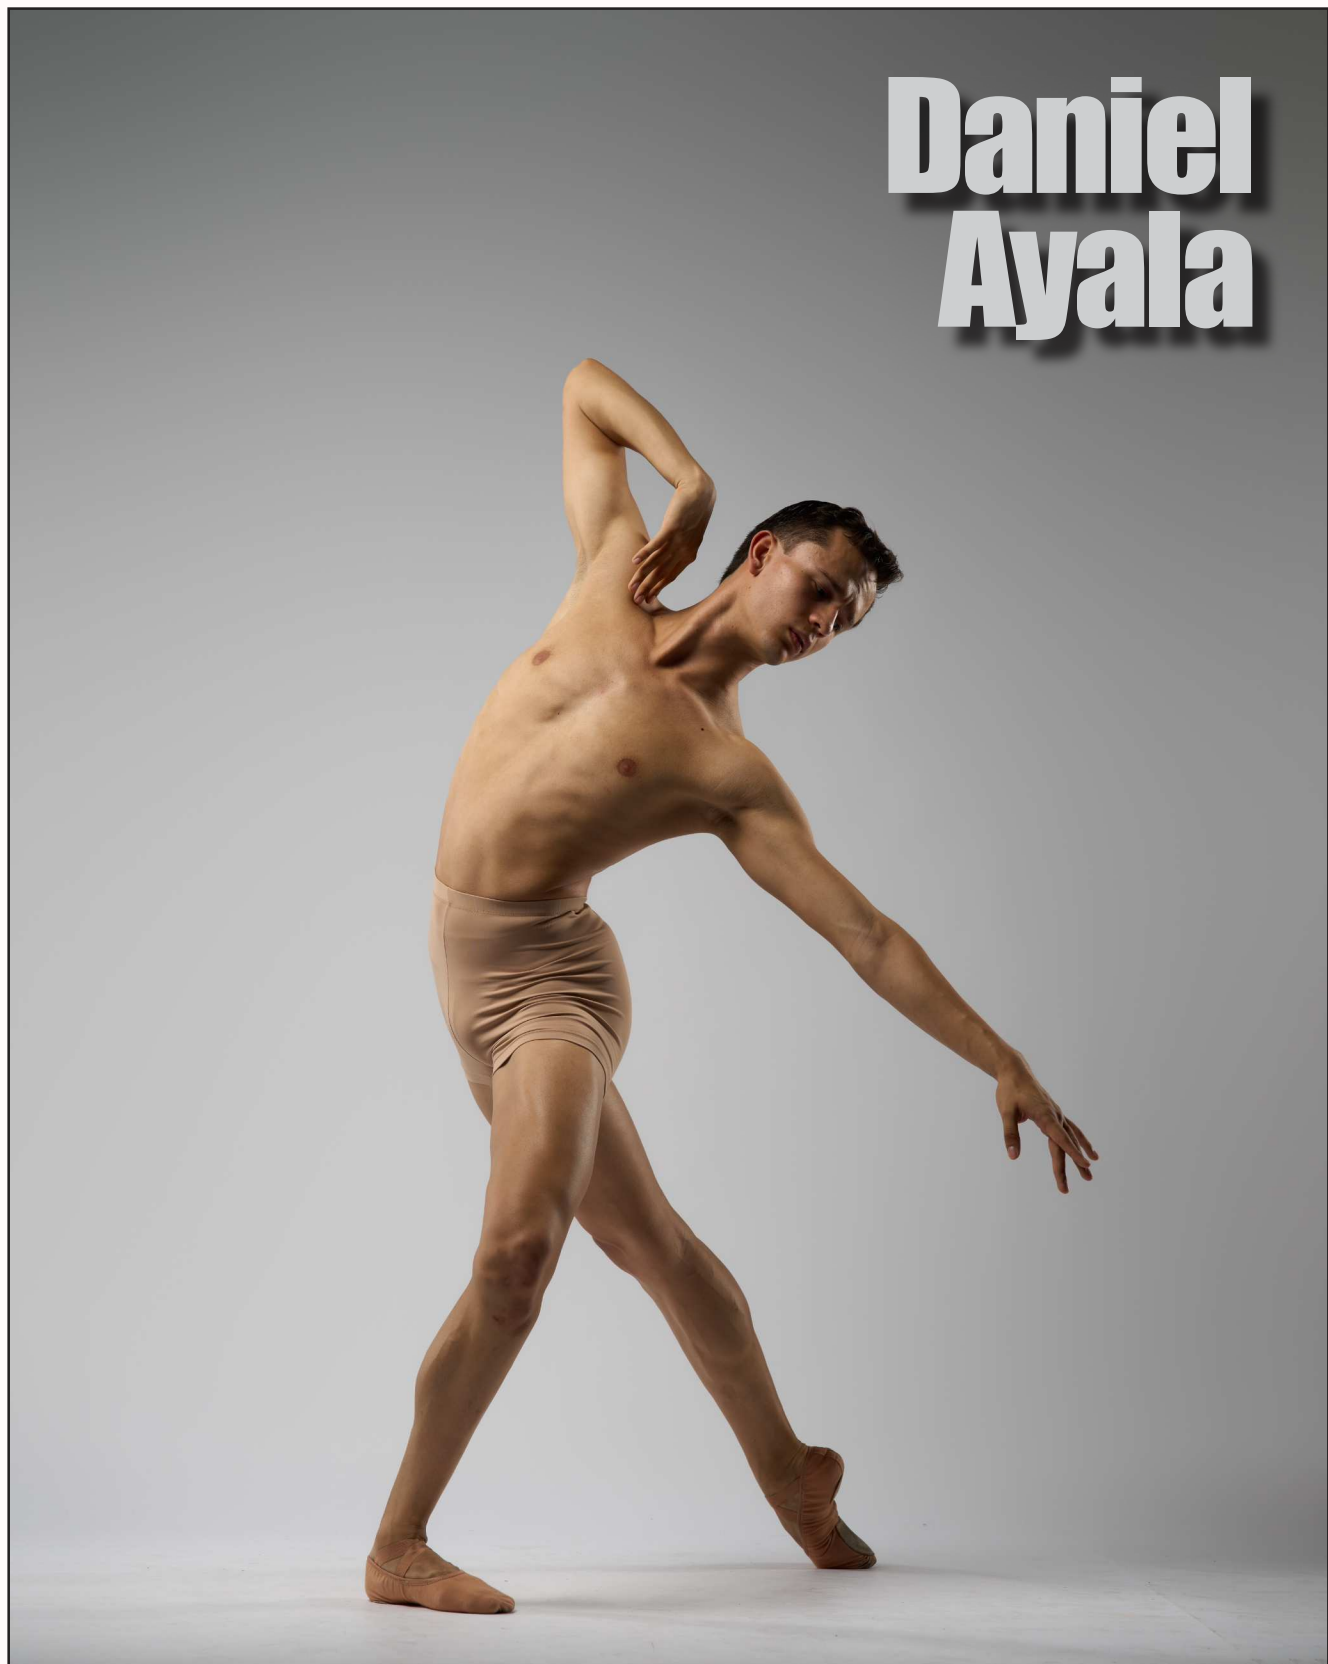

Ayala has also received multiple scholarships from well renowned ballet schools such as American Ballet Theater, Royal Winnipeg Ballet, Ballet Theater UK and Washington Ballet. All of these recognitions have made him a standout since he's wanted by multiple top notch schools and directors from all over the world. His artistic quality is something special and rare to see of a dancer his age and this quality makes him a standout from his peers, he has the technique, the bravura and the tricks but he has that extra "je en said quoi" that makes it impossible not to get entranced by his dancing and character portraying.

Ayala has also been busy portraying difficult principal roles this last year, one of his most memorable one was Dracula in the Dracula Ballet by Treasure Coast Youth Ballet, he left the audience speechless since this character is a difficult one to portray and perform but he did it without a struggle.

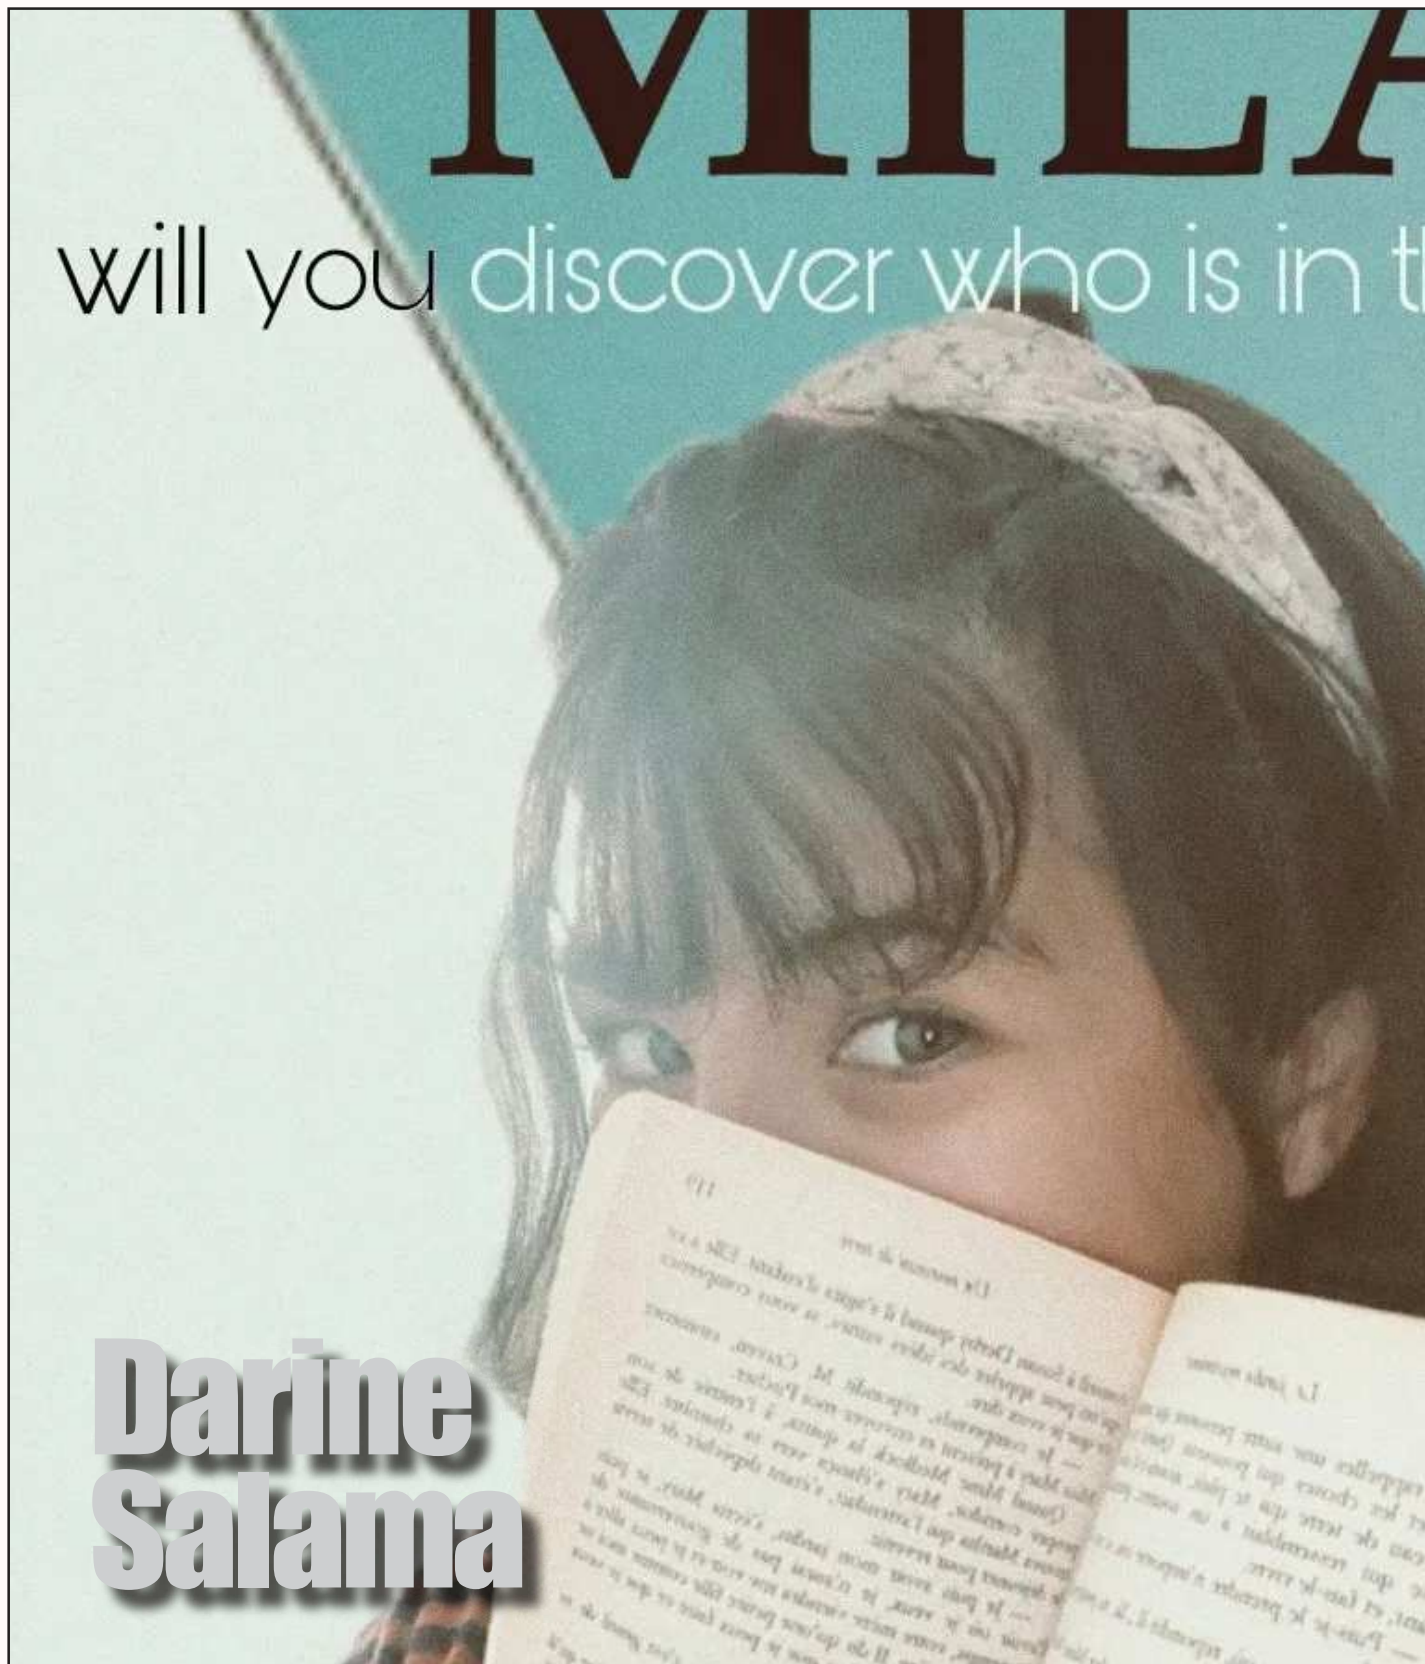

We can't wait to see Daniel conquering the Dance world one step at the time and follow him achieving his dreams! He's one to keep your eyes on!

Faye Delune

My names Faye Delune, and I'm A Professional Model, Musician, and Photographer, (Delune Photography) of over 10+ years, but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy, but really, If I can spark a reaction of any kind from my art, then I've met my goal. I'm a huge nature lover, who's obsessed with all things astrology and space. so I try my best to incorporate nature and astrology into my work. But really, I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. "I'm A Blank Canvas, Give Me A Story To Tell." / "Lets Tell A Story." / "A Story Within Each Piece" Are the phrases I Use To Describe My Art. For the past 10 years, I've been studying and learning Modeling, Music and Photography at The Professional Level and really enjoying the artistic aspect of it all. In the 10+ years, as a model, musician, and photographer, I have had the honor of being featured in/on countless of Magazines, Runways, Commercials, Editorials, Catalogs, Websites, Social Medias, and more! I have also worked with several Brands, Companies, Businesses, Artists, Designers, Bands, and more! Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model, musician, or photographer, it allows me to meet lots of people, who usually leave impacts on me and vice versa.

I love making art, and love showing it off.

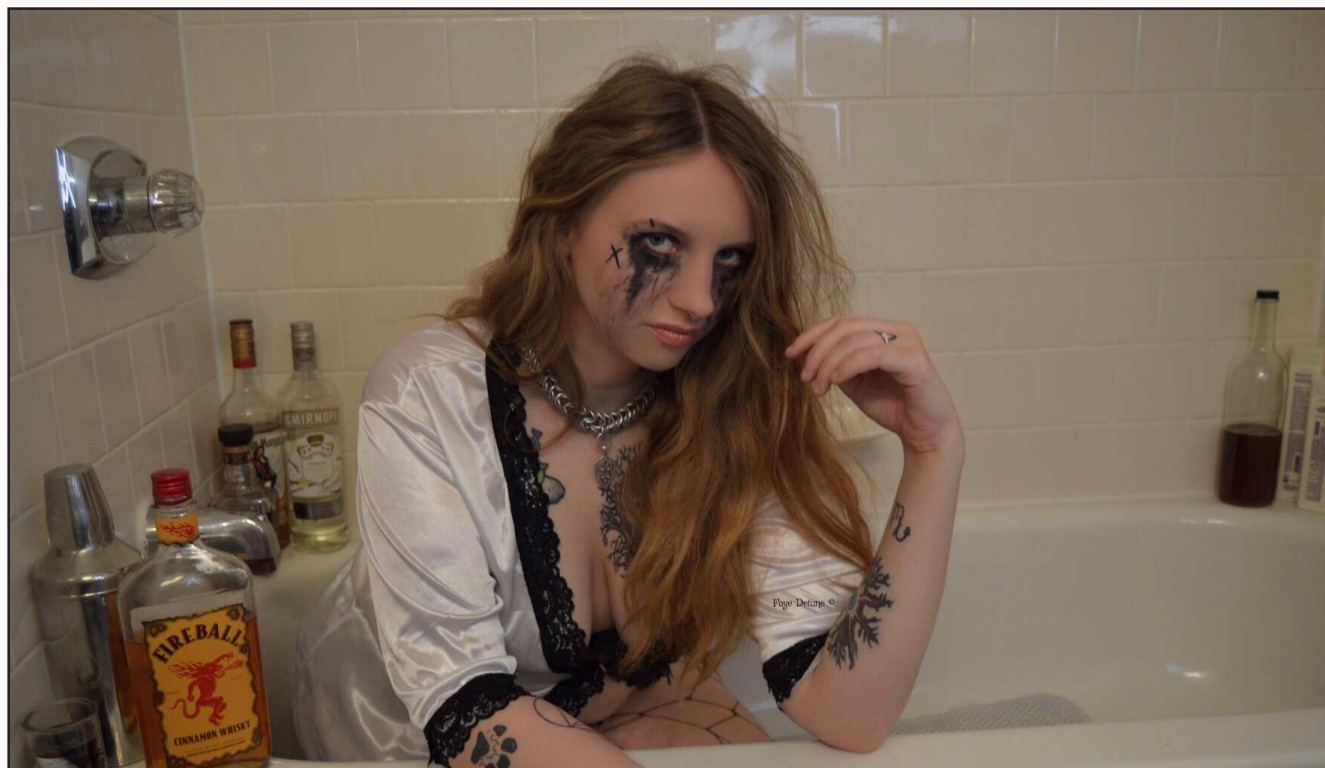

I hope you enjoy my work, and I welcome you to my world.

Jana Keyes

My name is Di-Jana Keyes & who I am cannot easily be described. But whom I always inspire to be can be slightly explained through what I plan out to be . My goals in this lifetime is set to be "I can become whomever I want to be." My life started in college with plans to earn a degree in Nursing. However, life is what you make it & I made the choice to live in my twenties & put college on the back burner until I deserved my degree on the right mindset. I chose to live life because I wasn't living correctly within myself . But now I see, my goal is to find inner happiness within myself . For now i set my goals accordingly: own a house, own a car, & fix my credit so that I can obtain my dreams . I dream a dream of learning six languages (Spanish, French, German, Italian, & Arabic) while being in college. I dreamt of obtaining five different degrees in Nursing, Culinary Arts, Business in Finance , Accounting, & Mechanics. I dreamt I would receive my pilots license. I also dreamt of owning my own business in Mechanics where I help young adults understand the privilege of owning a car, maintaining maintenance, & learning financial literacy in the automotive industry. But without having these dreams & goals I've had plenty of challenges & fears . The challenge of homelessness, financial resources, and starting a family. In this life I have faced all three. However, starting a family is not a successful addition to my achievement list . I always tell myself take care of yourself before you are ready to care of others. Being a woman it is difficult because of the time & pressure that is placed upon us

. I try to not give myself a limit to my success. I try to tell myself "there is no time for failure ." But how do I expect to evolve & learn from life if failure is not given a fair shot? At the end of the day I stand on "do what makes me happy ." Lastly my achievements are what makes me happy. Right now I am achieving what has mattered to me since I was a little girl . Modeling, Music, & Acting has always been there for me . Being young & beautiful right now is the biggest achievement of my life. Sure graduations, weddings, & promotions are the usual achievements . But in my achievements I look forward to my music going gold or platinum with placard's all up & down the walls of The Rolling Stones Hall of Fame. My next achievement is receiving the EGOT (Emmy, Grammy, Oscars, & Tony) awards like Viola Davis. It may take a long time but I look forward to being gifted that award in my mid sixties . Finally my biggest achievement in modeling for fashion would be to travel the world . I could plan tons of vacations & never get to go where I would like to. But I personally believe that modeling will take me to places I never imagined. It would be countries & continent's I wouldn't get to see if stayed working a 9-5. And after the pandemic in 2020 COVID really taught me the value of my life & how much talent I have to show to this world.
