Bustie Beaker

Bruce Smith is a self taught freelance photographer based in the South Florida area. He has over 40 years experience as a photographer, and 11 years in full time Fashion and Swimwear, amongst other types of photography, including product, headshots, family and corporate, to name a few.

He began his photography passion at the young age of 9 when he received his first camera for his birthday gift from his parents.

For the next few years, he spent his entire allowance on Film, flash cube/bars, and processing.

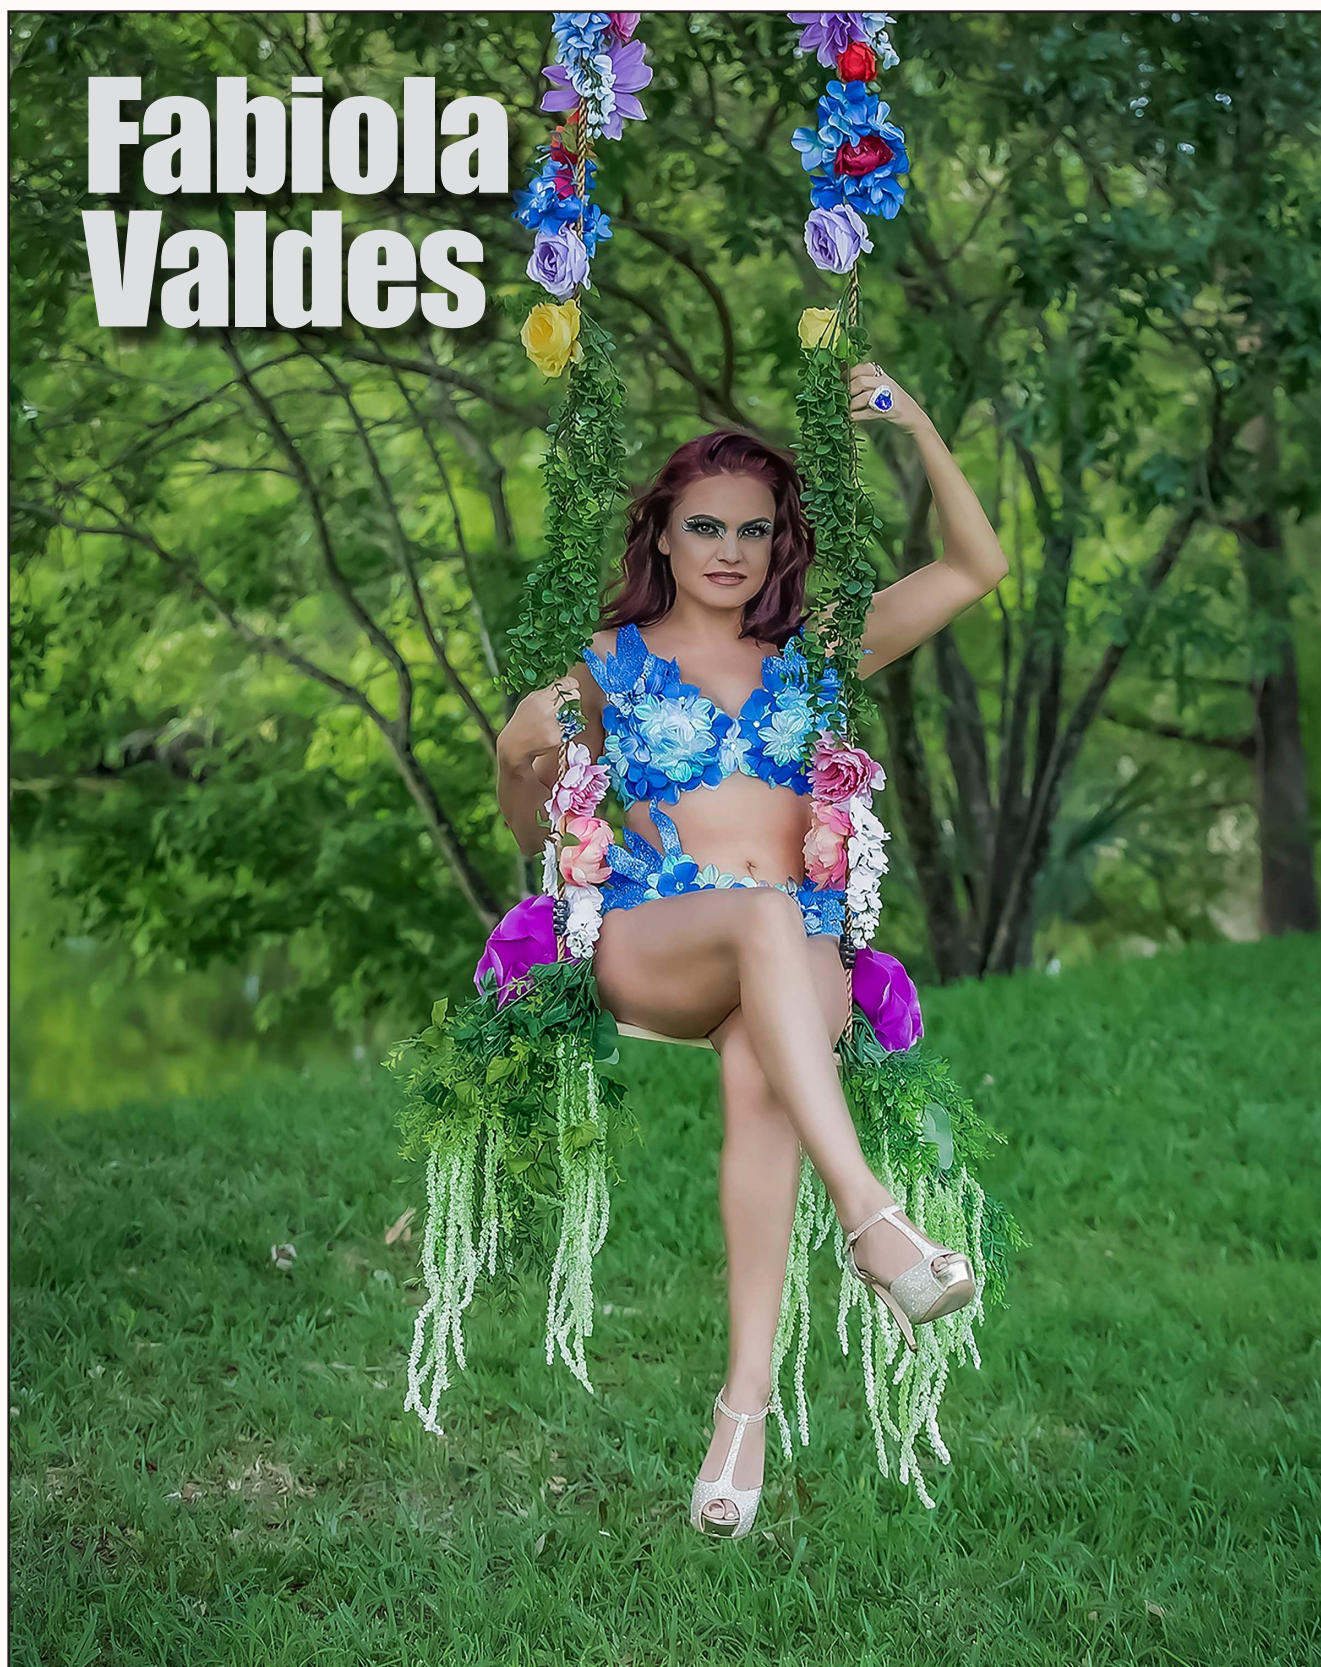

In high school, he attended Vocational School where he majored in Graphic Arts, which was totally different than Graphic Arts as we know it today. He excelled tremendously in the photography classes, and was the only student in his photography class that was allowed to photograph the girls in the Cosmetology classes.

He was in these classes from Sept 1975 thru May 1978, when he graduated the highest in his photography class. This was the start for his love of fashion/swimwear photography.

Before scheduling a photo shoot of any style, he always conducts either a face to face meeting or a video call prior to scheduling a photoshoot, so shoot ideas can be discussed, and the model and Bruce can get to know a bit of each others' personality. The final results on a shoot doing that has always proven to result in much better final images.

Bustie Beaker, or otherwise known as the Boss Lady of CSW. I am co-owner of a Colorado based independent wrestling company as well as a burlesque dancer and aspiring model. My wrestling company is Colorado Springs Wrestling, if you can't find me there you'll always catch me performing at La Burla Bee in Colorado Springs with the Champagne Cabaret productions. I truly enjoy performing and I love showing everyone my many talents. I have competed in GLCC for burlesque and am starting to start my journey of performing in other states. You can actually find me in New Orleans August 25th/26th. My journey hasn't always been easy, I am a plus size performer so the doors haven't always opened for me. It's been my mission to break down those barriers with full

force. All body types are absolutely gorgeous and should be celebrated. Just don't be an asshole and you're cool in my book. I am an Aries and truly believe you receive what you put out into the universe. I am fiery, bold and fierce to be reckoned with. A little quirky fact about me, my name Bustie Beaker. I got the bustie name for obvious reasons. But the Beaker, it has to do with my love for Muppets. I have loved the Muppets since I was a little girl and I thought there was no other fitting name than Beaker. I love what I do as a performer and I love showing off my many assets, it's my hope that you appreciate and celebrate the energy, love and beauty that I try to put out into the universe.

Kira, the Makeup Artist's Bio...

Hello ...

I am a freelance Makeup Artist in West Palm Beach, Florida. My passion is making every woman feel beautiful as well as doing Dia del los Muertos makeup (Day of the Dead) and what led me to start my makeup journey is my mother Roze. Many know her as BB.BYROZE and all of her custom creations.

My love for makeup artistry and beauty has been with me my entire life, but truly started a couple of years ago just starting making up friends and family. Then, given a chance and opportunity with a professional model from Mrs Cosmos, really brought to light my creativity in Makeup. I love learning new things, being inspired, and working with creative people. I take great pride in creating beautiful work, and hope that I can be fortunate enough to do what I love doing for the rest of my life.

My name is pakeni Banda lam an artist, I am specialized In wood sculptures. I mostly make my art works from Rose wood, ebony, jacaranda etc. Through my work I do, I have been able to help my community by impacting knowledge into young people who have similar talent .In addition,I have many people have shown interest by collaborate with me in assisting and guiding them in how to curve and also how to finish wood smoothly.

However, I am facing alot of challenges in terms of proper working environment and also proper tools to use to effectively do my work. Furthermore, I don't have a chainsaw for cutting large logs of woods for my work, instead I use my axe to cut logs for my work. I will be very delighted if I may be assisted in whichever way so that I can lessen the work that I do manually. +260972290317

what he does and will work hard to achieve the next level. It's hard to stay positive when everyone says no, maybe next time. Don't let them discourage you from chasing your dream. You just need 1 yes to change the path of things. You will have to survive life and it's obstacles to be successful in life.

Well I've always had the dream of being a big time actor/movie star. I have always been a big nerd when it came to movies. I set the goal to set foot on one of my favorite shows black ink crew Chicago. When I accomplished that goal a lot changed for me and opened up doors for me faster as a model. My modeling career took off a lot faster than my acting career. I love them both with a passion. Yet, my biggest goals consist of being a successful actor, model, tattoo artist and entrepreneur. After a few years of hard work, dedication, commitment and more. I've achieved more than I ever thought possible. I've filmed with over a dozen tv shows and movies. I've been published in a various of magazines and posted on designers websites. I have many amazing accomplishments and story's of success and my tribulations in my struggle to achieve these goals.

A lot of the challenges I faced as a actor, model, tattoo artist and entrepreneur or just achieving my goals. I'm a tattooed model and being that I have many tattoos limits my ability to be booked for many good opportunities in modeling. I got shot 11/20/2020 which ruined a lot of my big opportunities at the time because my thigh/femur bone was broken in the damage done from the GSW. After a year of healing and bed rest. It did not stop me from getting back to my goals. It's a challenge being a black man trying to accomplish good things in life for himself. I had the blessings to show that I'm a very talented and creative artists who loves

toy already long list of issues.

These diseases have caused me to be unable to work, and I had to put my entire life and dreams on hold, but I've decided it's not going to stop me from living anymore.

I started modeling and competing in pageants again, and will be slowly trying to get back into hunting, amateur boxing and amateur MMA as well.

I don't want my health issues to stop me from being my authentic and true self, nor from chasing my dreams, and reaching for the stars anymore.

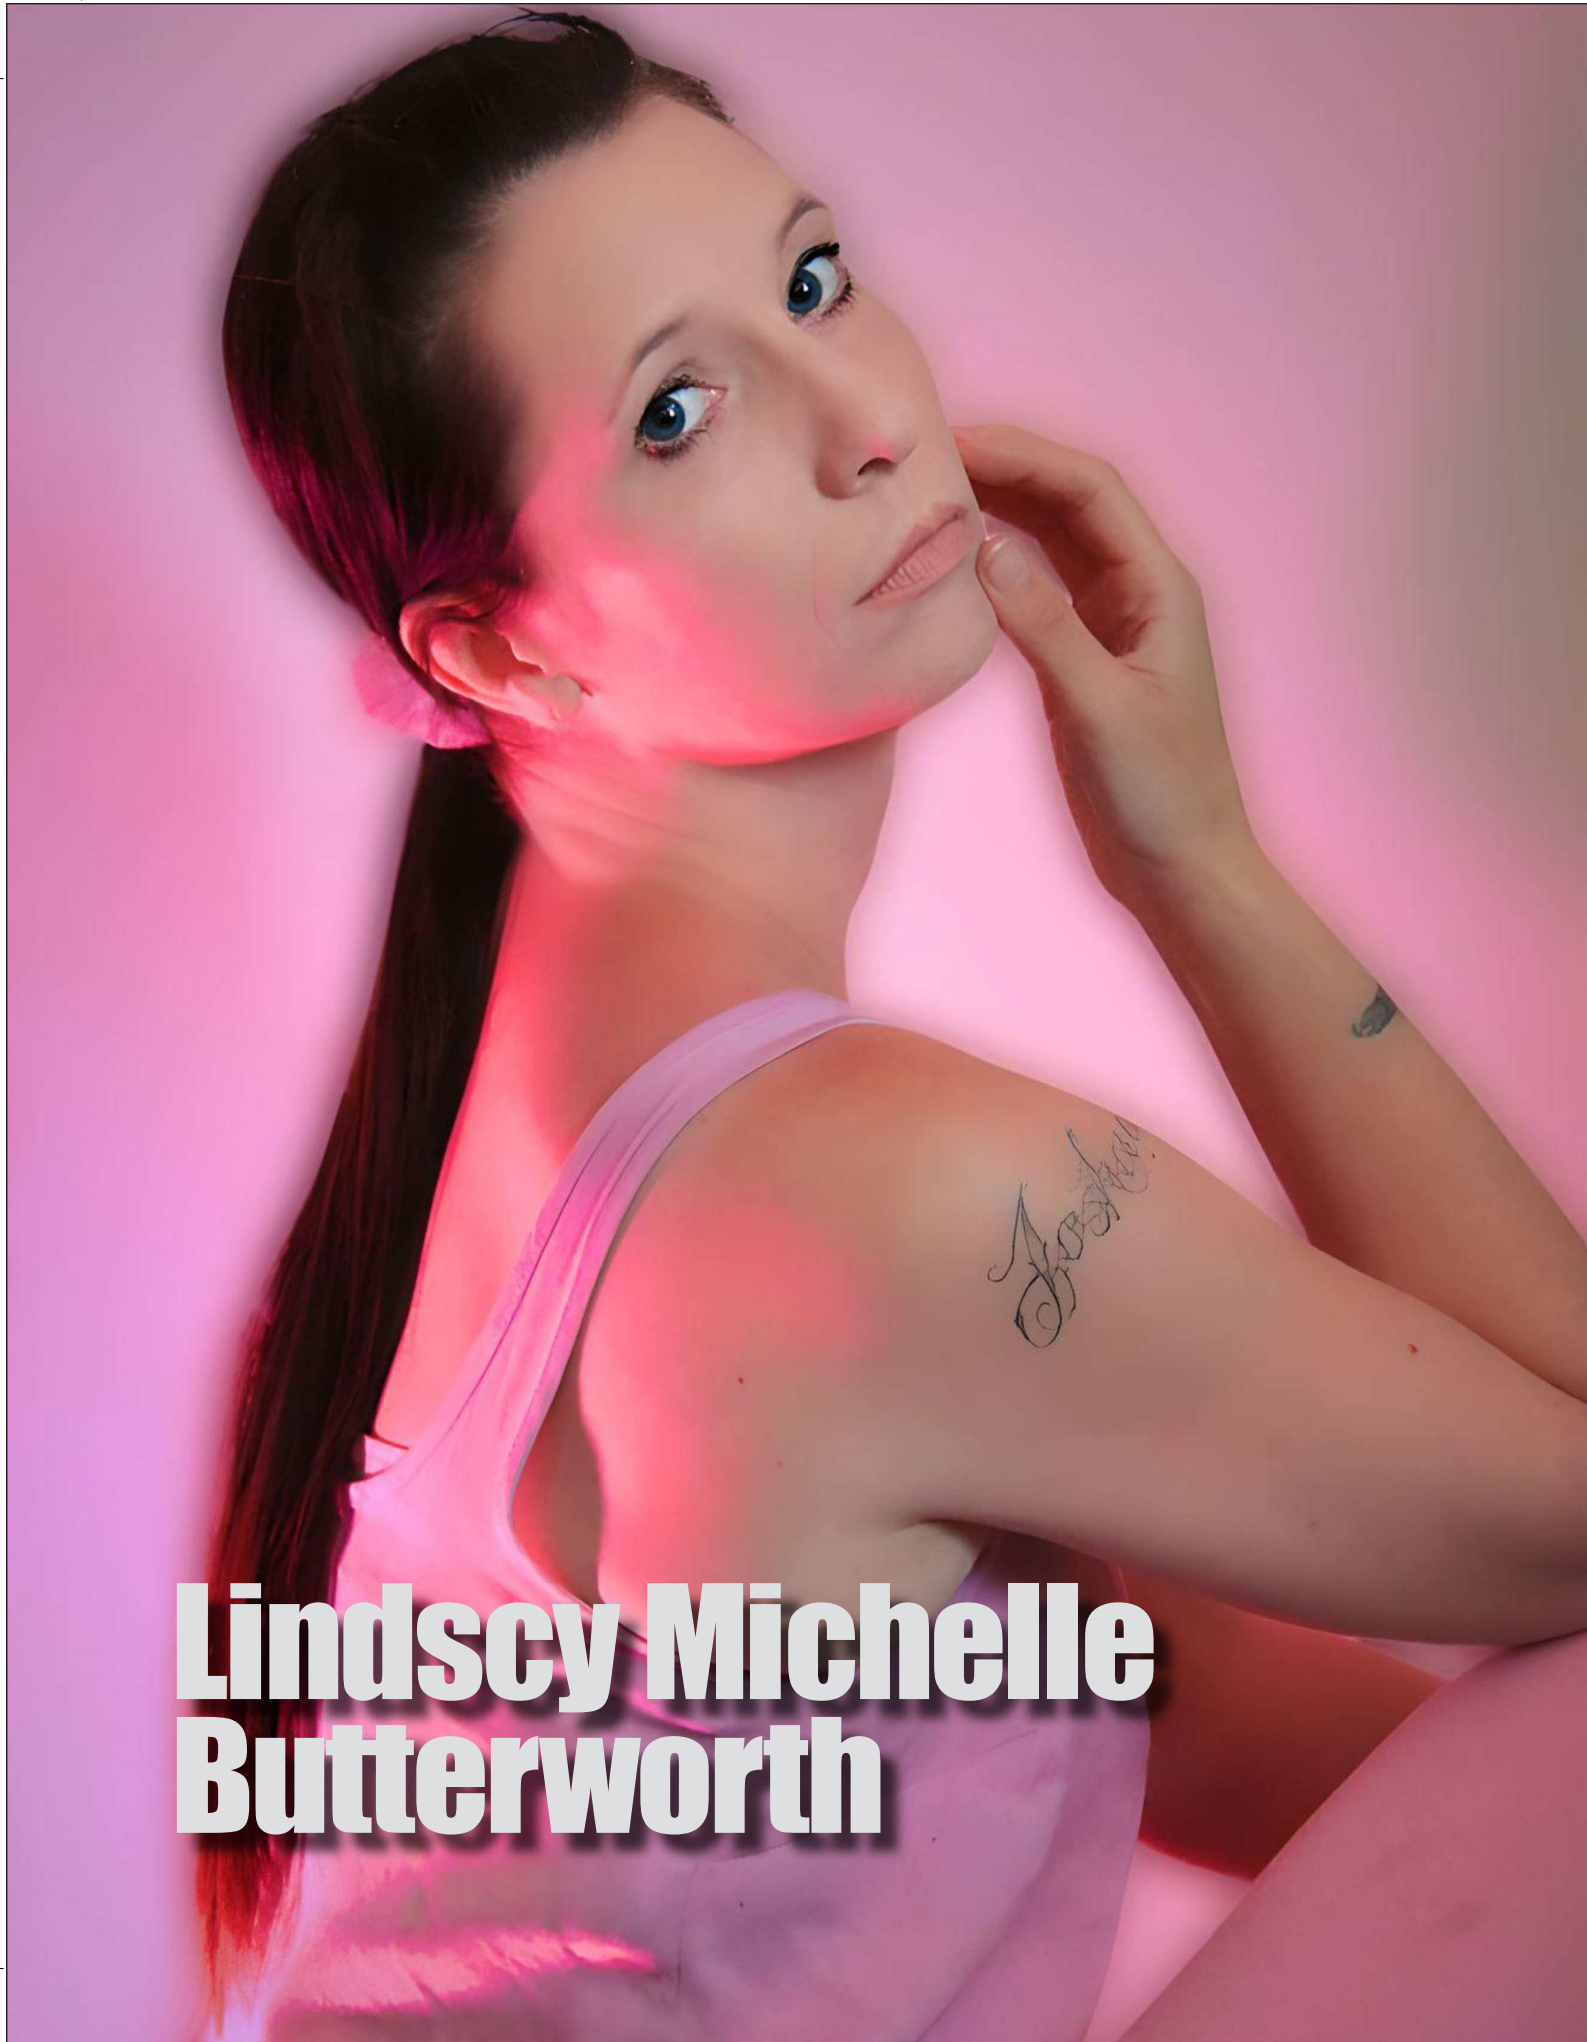

This is me, and I'm ok with it. I am me, and I am not your paperdoll!

I'm a southern, redneck, country model, that dreams of going as far as I can not only in modeling, but in beauty pageants as well.

I compete in beauty pageants, without covering my tattoos, and without hiding who I truly am.

I feel everyone that wants to pursue their dreams, should, without anything, or anyone holding them back. I'm very passionate about pageantry, and proving that even someone like me, can have the same chance as the ones that everyone pictures, when they think of a beauty queen.

I am the current titleholder, Crown of California Ms/Mrs 2023, and will be competing in the Crown of America Pageant on September 2nd.

I am also the former titleholder for the following:

Ms. Pardeeville 2019-United States Pageant
Ms. Wisconsin Petite 2019-2020-Petite USA Pageant

I'm also passionate about fishing, hunting(especially bow), mudding, ATVing, camping, boxing, MMA, and obnoxiously loud, lifted and big tired trucks.

I have had some major setbacks, the last 2 years, due to my health issues, that have escalated quite a bit.

I ended up with Lyme disease, for a second time, that's incurable now, and caused not only other health issues, but caused the ones I already had, to quickly worsen.

I have POTS (Postural Orthostatic Tachycardia Syndrome, HEDS (Hyper-mobility Ehler's Danlos Syndrome, and a vascular disease, that I just recently had confirmed, but don't know the name of yet. Doctors also say that I may end up with more added

I want to create music that inspires and moves people emotionally. I live by my words and sometimes that's all you have.
