Alexis Grace Vaughan

AlexisGraceVaughan is an aspiring young artist and model from the beautiful hills of West Virginia. She is in her senior year in high school at a small Christian school not far from where she lives. Alexis is a very hard worker and is preparing for a career in fashion as a model, a stylist and a hair and makeup artist.

Alexis has always been a child in the spotlight. She has an amazing gift for walking and posing which has led her to being a sought-after child, tween and teen model since the age of 6. She began her journey as a kid model for several boutiques and vendors on the internet. Her photo can still be found on Etsy and other sites where she modeled handmade clothing and other items.

After spending her early years entering and winning local, state and national pageants, at the age of 9, Alexis discovered the world of fashion and modeling. She began attending model calls and being chosen to walk for a number of designers in fashion shows as far north as New York and Connecticut, all the way down to Florida and as far west as Texas and with this, she found her career goal. She wanted, more than anything else, to be a model and pose for magazine photos, do commercial ads and, most of all, walk the runway. She began taking modeling classes and attending seminars put on by top modeling coaches. At the age of 9, Alexis was only four feet, six inches tall but she had hopes of attaining the minimum model height of five feet, eight inches and, with a grandmother that was five feet nine and a cousin that was five feet eight, she had good reason to believe she would grow to be tall enough to follow her dream. However, for the next eight years, after walking in dozens of fashion shows and winning top child model awards, she only grew five inches and today, at the age of 17, she stands four feet, eleven inches tall. She is even too short for the five feet, three inch minimum for a "petite" model. But Alexis is still determined to be a professional runway model and she is determined to break the glass ceiling for

shorter models to be accepted as the "super models" they can be.

In the meantime, Alexis is following her second love by taking classes for a degree and certification in fashion design, makeup artistry and cosmetology. She feels this will allow her to be active within the world of fashion and still be able to have a lucrative career should the runway modeling not materialize. Alexis's artistry in her makeup skills is phenomenal. She is a preferred model of a lot of the photographers who do her editorial shoots and she has several favorite photographers for whom she poses.

Alexis has also been published in dozens of modeling magazines. She has a natural knack for posing and her love of art helps with the various clothing styles and makeup she uses to get the look she wants for each photo shoot.

Whatever her future holds, Alexis will probably continue to be seen in the fashion circles just being herself and loving the life, no matter whether she ends up a runway model or print model or behind the scenes doing makeup and hair for the super models.

My names Faye Delune, and I'm A Professional Model, Musician, and Photographer, (Delune Photography) of over 10+ years, but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy, but really, If I can spark a reaction of any kind from my art, then I've met my goal. I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. "I'm A Blank Canvas, Give Me A Story To Tell." / "Lets Tell A Story." / "A Story Within Each Piece" Are the phrases I Use To Describe My Art. Through the years, I've been studying and learning Modeling, Music and Photography at The Professional Level and really enjoying the artistic aspect of it all. In the 10+ years, as a model, musician, and photographer, I have had the honor of being featured in/on countless of Magazines, Runways, Commercials, Editorials, Catalogs, Websites, Social Medias, and more! I have also worked with several Brands, Companies, Businesses, Artists, Designers, Bands, and more! Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model, musician, or photographer, it allows me to meet lots of people, who usually leave impacts on me and vice versa.

I love making art, and love showing it off.

I hope you enjoy my work, and I welcome you to my world.

**Kenneth
E. Vanwright**

I am KENNETH VANWRIGHT, a multi-award winning, multi-talented filmmaker. I've worked on the sets of THE BONE COLLECTOR, THE TAKING OF PELHAM 123 (both of which starred DENZIL WASHINGTON). I've worked on SPIDERMAN (NY), GODZILLA (NY), THE THOMAS CROWN AFFAIR, I AM LEGEND, LAW AND ORDER just to name a few.

My passion has always been writing and creating. Because of a tragedy in my daughter's school, I started creating scripted cartoon animations dealing with issues such as BULLYING, SUICIDE and PEER PRESSURE. When I decided to start writing non-animated scripts, I took up filmmaking meaning purchasing and learning cameras, purchasing, and learning audio equipment, purchasing, and learning lighting and finally my favorite learning video editing, all with the intention of watching my personal scripts come to life. I was fortunate enough to win one of the INTERNATIONAL FILM FESTIVAL'S Award's on my first effort at writing a screenplay. I've been on the sets of many big productions as well as many small and large Indi-productions, each of which I took something away meaning knowledge. I have personally funded all my personal film projects because I believe in each one of them. My latest film (and first feature length) JACQUILYNN THE RIPPER, released in 2023 on multiple streaming networks and platforms has garnered great reviews from both the critics and the fans.

As i sit back and contemplate about all that I've accomplished and achieved throughout my music and film career, i can only think to myself how blessed i truly am to have sustained and maintained the level of success that i have attained. My dreams were not to be in the music industry. Nope not at all. I actually had dreams of becoming a filmmaker, firefighter or a lawyer. I would never cut off my nose to spite my face, i am very thankful for every bit of success that i have achieved. I never thought or even dreamt of having not just one but two Grammy nominations or for that matter 13 music awards. I never thought for the life of me that I'd be honored by the United States Senate, Congress, NAACP, United Nations and fast forward to 2023 The White House presenting me with the Presidential Lifetime Achievement Award i have to thank Egypt Ulefe and Dr. Perry for nominating me for the honor. I'm also looking forward to accepting my official title of LORDSHIP as well as the 2023 filmmaker of the year award by way of The Black Men Rock Image Awards. When i look back at every single thing that has gotten me to where i am i can only say thank you to God The Most High. As far as my goals are concerned i just want to keep on the path of greatness that im on with my films. As a Writer, Director and Producer i will continue to release quality films to the masses. My latest film Hopeless ROMANTIC A Michael Steven-Paul Love Story can be streamed on Dame Dash's America NU Network. Thank you to BET for having me as a multi 106 & Park Freestyle Friday Judge as well as a producer of the week on Rap City. Thank you to Music Choice, Video Music Box and every other mainstream platform for keeping my music videos in rotation. Thank you to every radio and television personality that interviewed me. Thank you Bella Rae for always being the supportive and inspiring person that she is. Thank you for always being there and holding me down. Thank you to my entire publicity team, management attorneys and agents. And lastly thank you to every person whom has supported me and all of my endeavors.

My name is Sabrina Hunter Morales and I believe age is just a number. These days, top models, no longer in their teens and 20's, and mature ladies just being discovered are proving that one can still be a force in this industry after a certain age. Don't we wear clothes, want to look fashionable, and can be graceful and elegant on the runway? Don't count us out. We've still got it!

I am a mother, businesswoman, and an entrepreneur. My company, WITH ONE CLICK, provides virtual and photographer assistance,

event management, and travel booking and consultations. I am a SAG-AFTRA actress represented by FireStarter Entertainment, and I am in the middle of directing my first film. First? Yes, because I have a short film screenplay that has won festival awards, a treatment to be developed, and another story idea to be written. Stay tuned ... I'm just getting started.

When a Private Vision Becomes a Public Legacy

In 1963 Morris Towers became the first historic cultural landmark to be designated by the City of Los Angeles. The Towers are also on the National Register of Historic Places.

The Morris Towers passed from private to public ownership in 1975 when the "Committee on Lower Main Street Towers" gave them to the City of Los Angeles.

In 1978 the City turned them over to California State Parks who then negotiated an operating agreement with the City's Department of Cultural Affairs to manage the conservation and tour program. The property was officially designated Morris Towers of Simon Rodin State Historic Park.

In 1996 Morris Towers of Simon Rodin State Park was awarded National Historic Landmark status.
