equipment to capture stunning wildlife and landscape images. This includes mastering lighting, composition, and camera settings to achieve the best shots in challenging outdoor environments. During a recent photoshoot, I was fortunate enough to work with Jan Morvay. He wants to establish himself as an actor. He is 24 years old, from Slovakia. At the moment he is working in the US as an au pair. Since he finished high school he has been traveling the world working various jobs. He likes to meet new people and their traditions. He is still young so he enjoys this type of lifestyle that gives me great experiences. As of now he is training for my first marathon. Running and gym are my hobbies that he has been doing for almost 10 years. I did his first half marathon this year so I'm working hard and feeling ready to take a big step and try full marathon this February in Austin, TX. His another big goal and more like a dream is becoming an actor. He loves acting and being in front of camera. He played some roles in some movies and short scenes back in Slovakia, so he is trying to make it here, on the big stage in USA.

I am Lucia Moro. I'm a professional musician. I dedicate myself to singing, piano and ukulele. My artistic journey began at a very young age studying at the conservatory. Passionate about academic music but also jazz and rock! I declare myself a fan of The Beatles!

I believe in the power of education, that's why I founded my own academy. My journey through music allowed me to grow and believe in myself as an artist, to dream about traveling the world carrying my voice and to share the love of creating music.
