I would like to tell you that I belong to an honest family with principles and values that prompted my parents to make the difficult decision to embark on a path outside the borders of our native country of Venezuela, in search of a better future for all. This is how we arrived in the United States full of illusions and with big dreams.

I am a young soccer player, just 9 years old, and I discovered my passion when I was just 5, the age at which I started dribbling balls in the recreational soccer team of the Church that I attend with my family every week. When I was 7 years old, I debuted as Midfielder in the U9 Gold category of the Prime Soccer Club, participating in 61 games, exceeding expectations by scoring 63 goals and 44 assists that were decisive for the team's victory.

Today I continue to work firmly with determination and passion, in the U10 GOLD category occupying the positions of right and left wing, this season I have participated in 34 games, scoring 34 goals and 26 assists. First of all I want to thank God, my parents for all his dedication, and my coach who has always been at the forefront to guide me and push me to be better every day.

My goal is to become a professional player. I hope to advance every day, gain experience and have the opportunity to play in high-level clubs. May my first steps serve as a catapult so that the greats of football know my talent and in this way, be able to go very far.

Hello my name is Philipp and I am addicted to golf.

The first time I played golf was at the age of 13, but I was very bad and I stopped right after the first season.

Nevertheless, I enjoyed it and wanted to start again someday. Someday became about 40 years later!

Today I play right-handed (although I am left-handed) and have great joy in the sport.

I'm quite successful: Out of 10 of my first tournaments, I took first place 6 times. In the first season I improved my handicap from 54 to 21.4.

My strengths are my consistency and my good short game. So I can compensate for my weakness: The length of my strokes are rather short compared to other players.

My goal for 2022 is derived directly from this: More length! I therefore train a lot with the

superspeed sticks and work on a greater shoulder rotation.

In April 2022, I will fulfill a big dream of mine: I will get to play the St. Andrews Golf Course in Scotland!

But there is one thing I never want to miss out on: Have fun playing golf with my buddies, wearing freaky shorts and stay healthy!

My Name is Carter Fletcher, I'm 9 years old and live in Sheffield, England.

I started playing football during the Lockdown 2020 and not stopped since, I joined a team called sheffield city football club and met lots of friends that are now my team mates. I play in defence and

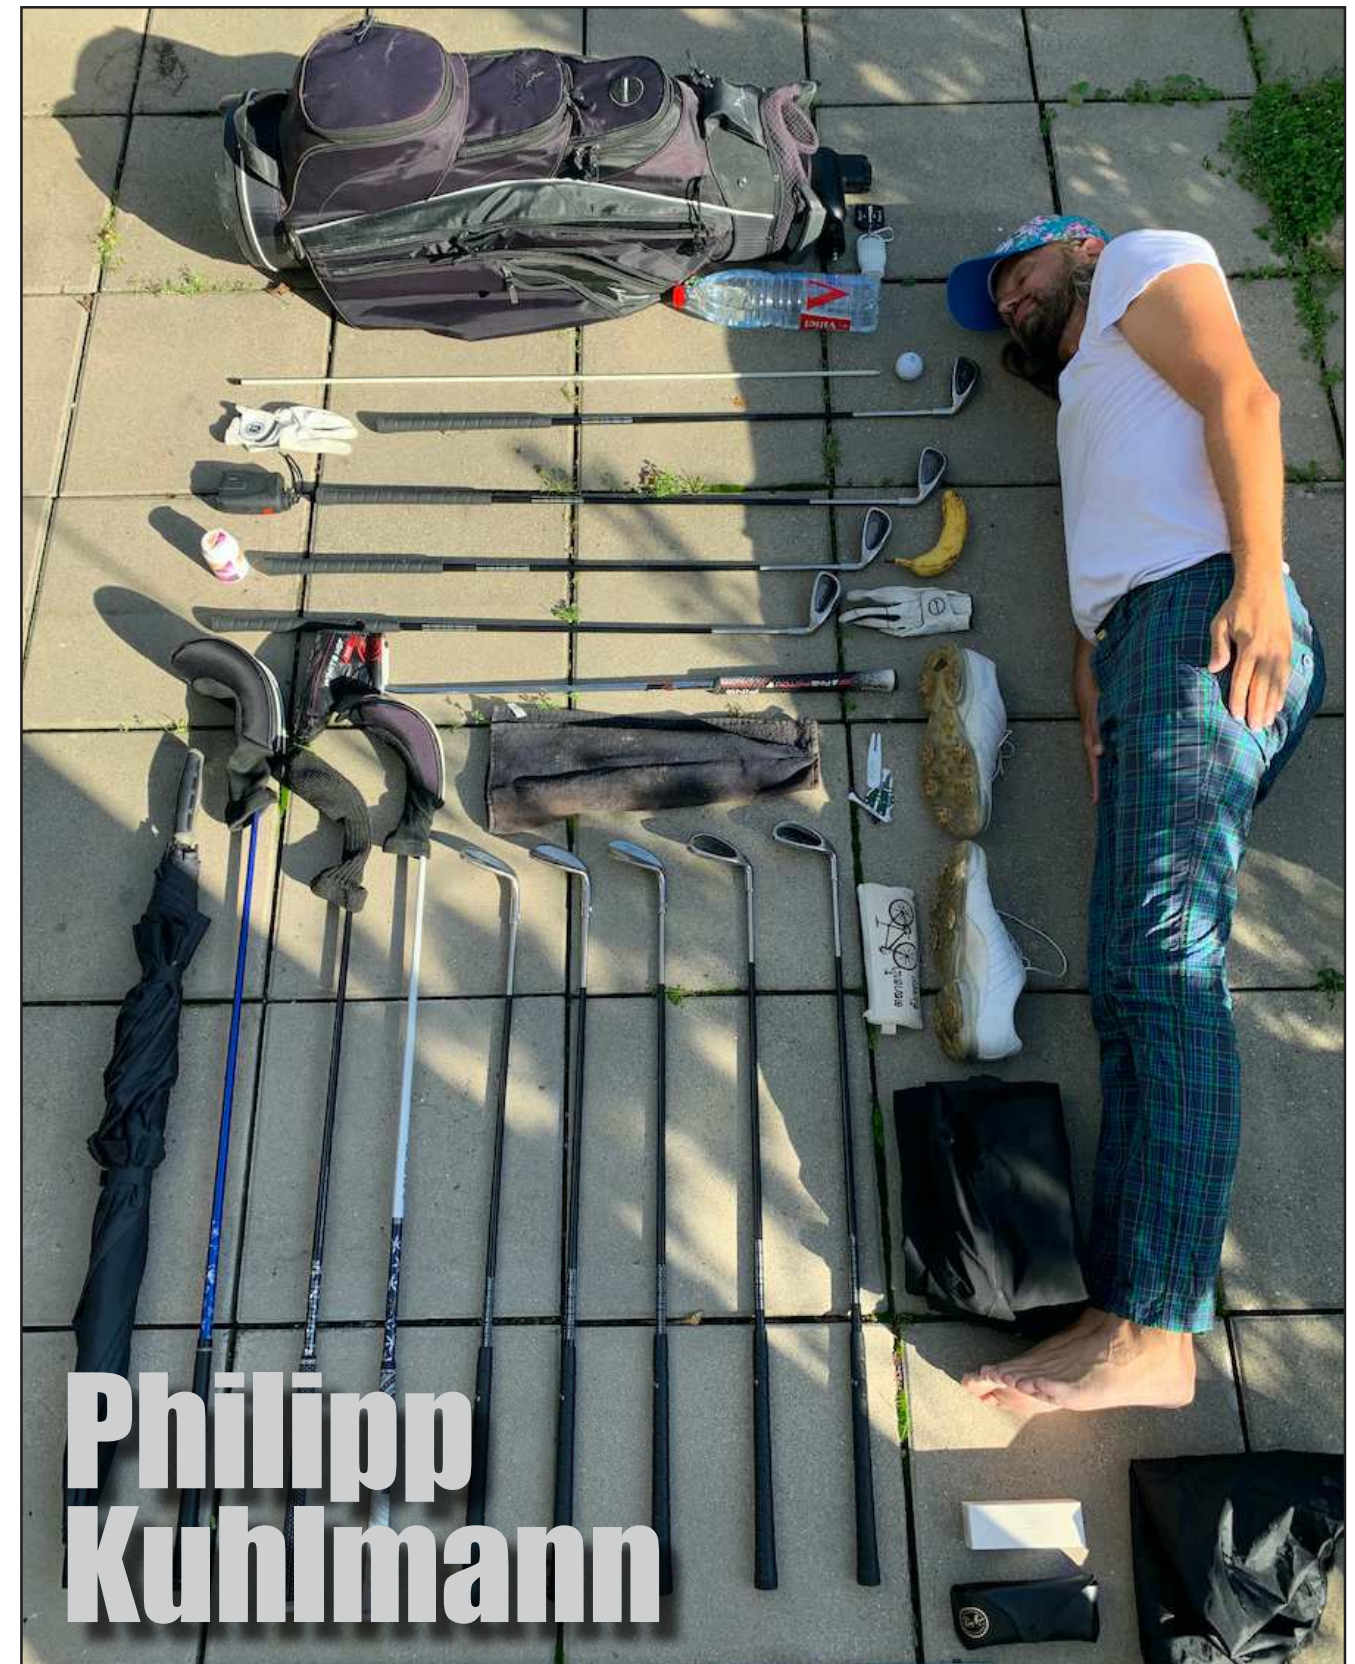

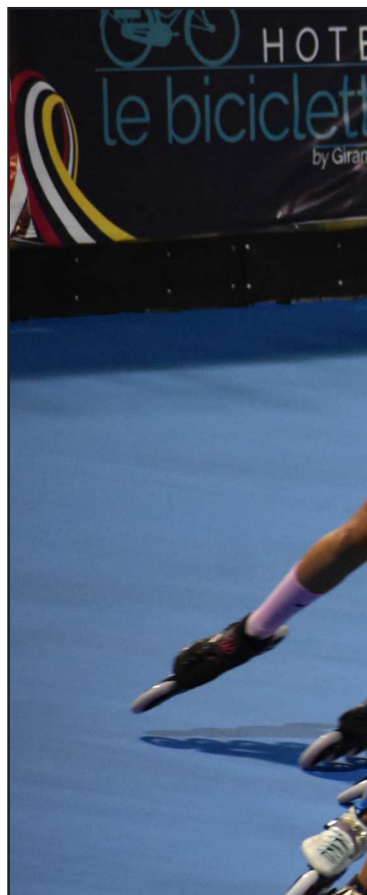

i am Captain of the team.

I love everything about football from playing to watching other teams. My dream would be to play for Sheffield United when I'm older.

Hello  
 I am Padra  
 I want to be the best football player  
 I train hard every day  
 And I go to the gym at night. I think about my goal and reach it with effort And I will not give up with failure and I will try again

I am Esteban Rojas a coach and co-founder of Skate Agility, a prestigious Sports Club, and school of

inline speed skate in Bogotá, Colombia. During the last 16 years, I have been practicing inline

speed skate, and I have studied for a degree in Sports. I am glad to share my experiences with

Skate Rs Magazine's readers.

In the last three years since its foundation, Skate Agility has demonstrated to be a solid skating

club, and it currently has almost 100 athletes. We have participated in local and national

competitions with good results, including fourth place in the last national club competition.

Moreover, the club recently obtained its membership to the Bogotá League, which will allow our

athletes to participate in official sports contests in

2022.

One of our main goals for 2022 is to establish Skate Agility as one of the most competitive clubs in

the city. We hope to see the results of the hard work through a higher number of medals earned

in national and local competitions during this year.

The biggest challenge as a trainer that I have had is exploring innovative and diverse training

methodologies looking for more efficiency in my athletes.

In the future, I hope that Skate Agility to be recognized as an excellent Sports club in my country.

On the other hand, I would like to be a featured skating trainer who could be a national team

coach.

I am a 12 year old aspiring footballer. Left footed, I am an attacking player who can play on the wing, midfield or as centre forward. I am strong, fast, with great passing accuracy and a good shot.

I recently began training with U13 in a football

academy. I want to focus on improving and growing my skills and working with my team mates and enjoying football together. My long term ambition is to become a professional footballer and my dream is to play for his favourite club - Celtic FC.

My name is Elias Gabriel Miranda de Sousa I am 10 years old, I was born on 04/22/2011. I come from a humble but very happy family. My biggest dream is to become a great professional football player, but I know that I have to go through many challenges, including financially, but I have determination, focus, strength and race. Being a great successful player, I aim to help my family and win the Champions League, Ballon d'Or and World Cup.
