always been extremely focused, and determined before I could even walk. My mom would tell me that nothing could stop me from moving across the room. Being an athlete is not something I thought was in the cards for me. I was never the most talented,or skilled, I thought eventually I will be left behind. Through all of the ups, and downs, of being a goal keeper I never gave up. If I came off the bench, or didn't start, I just knew when my time came I would show them how much I grit I had. My dream is to attend Stanford University as a goal keeper like my idol katie meyers, and become a researcher and help cure cancer. My goal is to be an all around athlete, not to limit myself, and to never expect anything without working hard for it. Over this past year we have attended 4 tournaments, and we have made the semi finals finals or everything, and we are still working for that character that is needed to win 🙎 . My challenges are sometimes I want to be perfect, and there is no way I can live up that, but I have a great support system, family, and coaches, and they help keep me steady for the future ahead.
