Adrian Ruiz De Arbulo

My name is Valentino Percy and I am 7 years old. I have been playing baseball since I was 3. My dream is to be given one day the opportunity to play baseball on "The Field of Dreams". My biggest challenge at such a young age is to keep a balance between school and baseball however, keeping myself focused, determined, and

passionate helps me get through the day of hard work. My short term goal is to master the art of batting with form, balance and style. For me success is being able to do what I love the most, play baseball.

STORY

Quincey Brielle

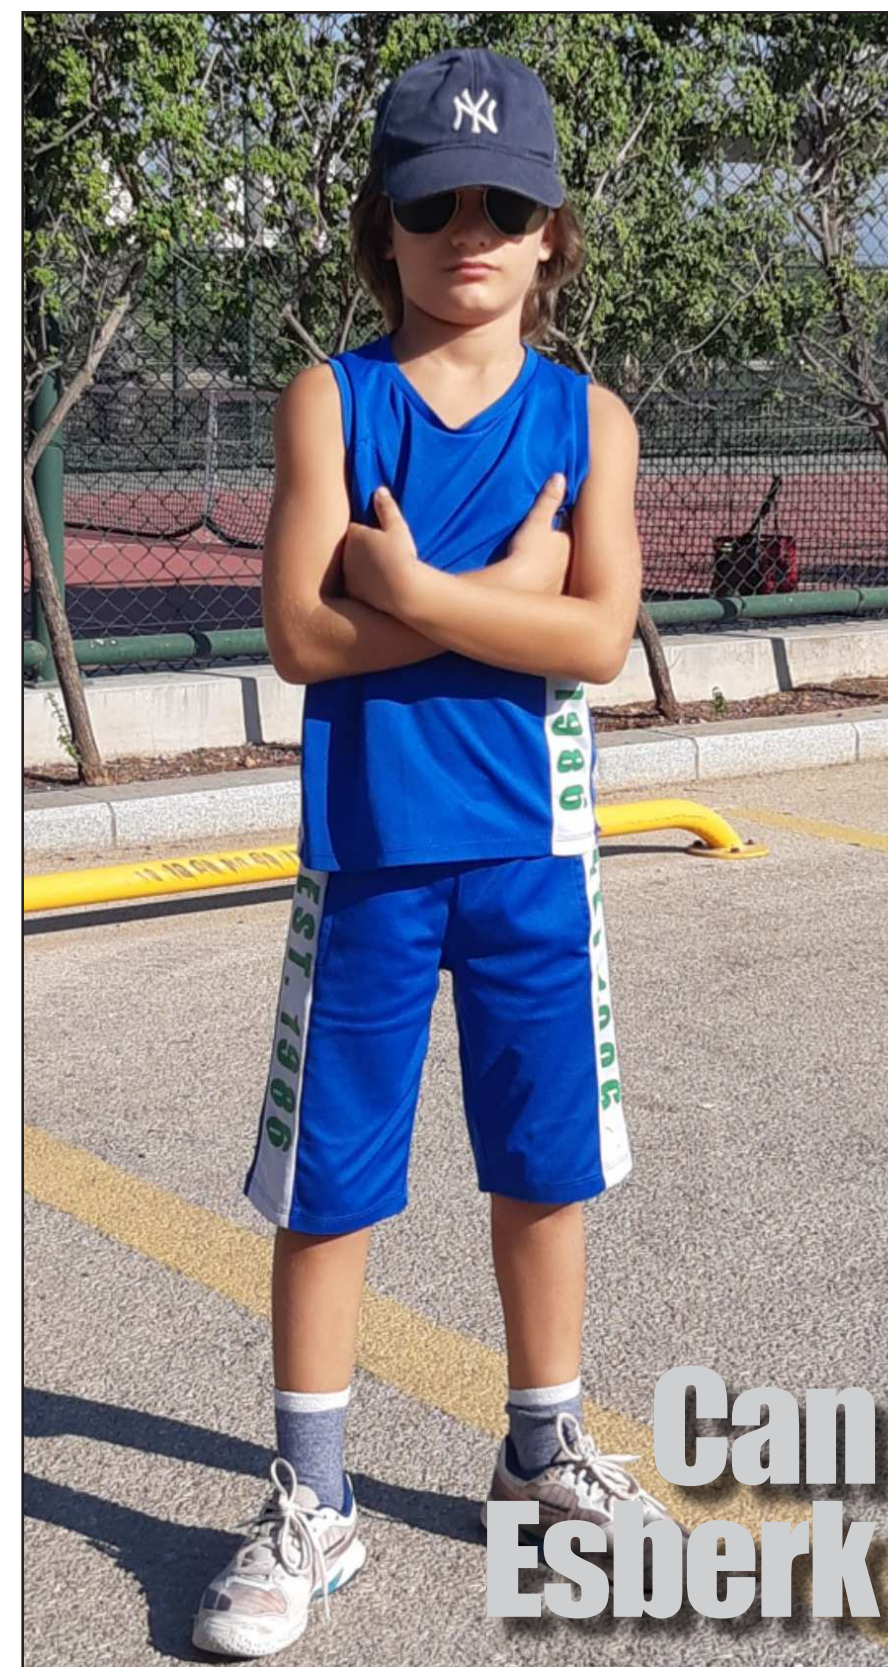

Adrian Ruiz De Arbulo

My name is Can Esberk and I am 10 years old, I am interested in tennis. I started this sport when I was 5.5 years old and the biggest factor in starting this sport was that my 10-year-old brother continued training in this sport at that time, I became interested in this sport by watching my brother. When I got the attention of the coaches in this sport, I had more training opportunities with my parents joining the tennis club so that I could train myself on the courts, apart from training, so I could train myself more. By the way, as I got older, I participated in tournaments at the request of my coaches. I won my first medal at the orange ball tournament at the age of 6 . When the championships came one after the other, I joined the green ball tournaments as soon as I was old enough. When I won 3 championships in a row there, after the meeting my coaches held about me, it was decided to participate in the 12 year old tournaments when I was 10 years old and I will participate in these tournaments at the end of this month. My goals in tennis are different from the dreams of every tennis player, of course, first Grand Slams, but my biggest goal is to get an Olympic medal one day. While continuing my studies with great pleasure and enthusiasm, I can explain my working principle to you with the following sentence, work hard, work smart. Thank you and see you again one day.

My name is Quincey Brielle and I am 5 years old. Competitive cheer is my passion. I may be new to the sport but I live, breathe, sleep cheer. I'm currently a prep level flyer at Spotlight Studios North Star in Idaho. I've improved by leaps and bounds since starting cheer. I used to have a fear of heights and barely let my parents pick me up without being terrified. Now I am conquering all of my fears and am doing stunting while in the air. I recently learned how to do a Tick Tock and my Arabesque. My goal is to get my BWO, FWO, and

work on my flips. I do Cheer, tumbling and privates 3-4 days a week when I grow up I want to be a professional competitive cheerleader. I'm thankful for all of the amazing coaches at my gym who help me grow with my skill each and every day. If you'd like to follow my journey I have an Instagram page. Follow me @Quincey.Brielle! Thank you for featuring me and supporting me!

My name is Ethan Saunders I am 10 years old and I'm inspired to become a goalkeeper. I currently play for Reading FC advanced, Gklcon Basingstoke and AFC Atomics.

I really enjoy my goalkeeping training. It keeps me physically and mentally fit, keeps me socializing with other ballers and keeps me heading one step

closer to achieving my dream career.

At 10 years old I already am playing within an age 12-16 years group for Reading FC.

My Instagram page gets updated regularly with my journey updates. Ethan_saunders_gk

Donna Baker

My name is Donna and I was selected this year to represent the Canadian Netball Team at a National competition. I have been playing netball since the age of 11 and have always dreamt of playing at the national level. After moving to Canada in 2006 I joined the Antilles Netball club based in Montreal. With the support of both my Coach and club President, Marina Leigertwood-Joseph I worked hard to qualify for the Quebec Provincial Team. I have represented Quebec at numerous provincial games and decided in 2022 to try out for Team Canada. Following weekend long tryouts

in British Columbia I was excited to be selected for the team. In August we played a series of games in British Columbia, and I am proud to say that our team won every game. Playing at the national level took commitment, dedication, and hard work but the rewards of playing with talented individuals and the insights from the coaching team were extremely valuable and will only support my growth as an athlete moving forwards.
