Keaton Schwarz

My name is Keaton Schwarz, an 8 year old hockey lover.

I have been playing hockey since I was old enough to hold a stick in the basement with my dad. I have been on skates since the age of 2 and have loved it since.

I absolutely love to play with all of the great friends I have made through all of the teams I have been a part of. I one day want to play in the OHL as

a part of the Kitchener Rangers organization, then on to the IIHF where I would love to represent Canada in the World Juniors. After that, my dream would be to play in the NHL for the Toronto Maple Leafs.

I love playing hockey because it not only challenges you physically but also mentally. I put a lot of hard work in either at home in the basement or on the ice at the rink to prepare for everything this sport has had to offer.
