I'm Aiden Adams. My dream is to continue playing baseball at Jackson State University or Texas Southern University then later to the MLB. Born with a love for the game, I spend countless hours practicing my swing, honing my pitch, and studying the techniques of my favorite players. With posters of baseball legends on my bedroom walls, I visualize myself stepping up to the plate

in a packed stadium. I dream of wearing a professional baseball uniform, my tirelessly trains, imagining my name being announced over loudspeakers as I steps onto the field. I yearns for the opportunity to make my family and friends proud, knowing that my success would be a testament to their support. And I am ready to give it his all to make my dream a reality.

My number is 8 I am a wide receiver. I love when the football falls into my hands on a play and I take off, I feel like I have the power and no one else is around me. Especially when I score and help my team out there's nothing like the feeling. I've been playing football since I was 4 years old and it still hypes me up every time.

If he does get accepted can you please take the big writing off his cast! Lol he recently broke his wrist but is still committed to his football practices and games even if he can't play. He is very dedicated and we are very proud of him!
