Hello my name is Melanie Alondra Martinez. Everyone knows me by "Peanut". How I came up with that nickname was that when I was born my daddy said I was so small that he was like she's a little peanut. Instantly it became my nickname and has stuck with me ever since. I'd like to follow my introduction with a short article of myself.

Dreams

My dreams are to one day grow up to be a pediatrician-NICU doctor. With hopes of also living out my athletic dream to one day be able to play professional soccer.

Goals

My goals at the moment are to continue to learn as a student athlete to achieve my academic goals. Such as learning my timetables, reading chapter books, and most of all being kind to others. On the field my goals are to continue to share the pitch with other great teammates win tournaments and having a successful season

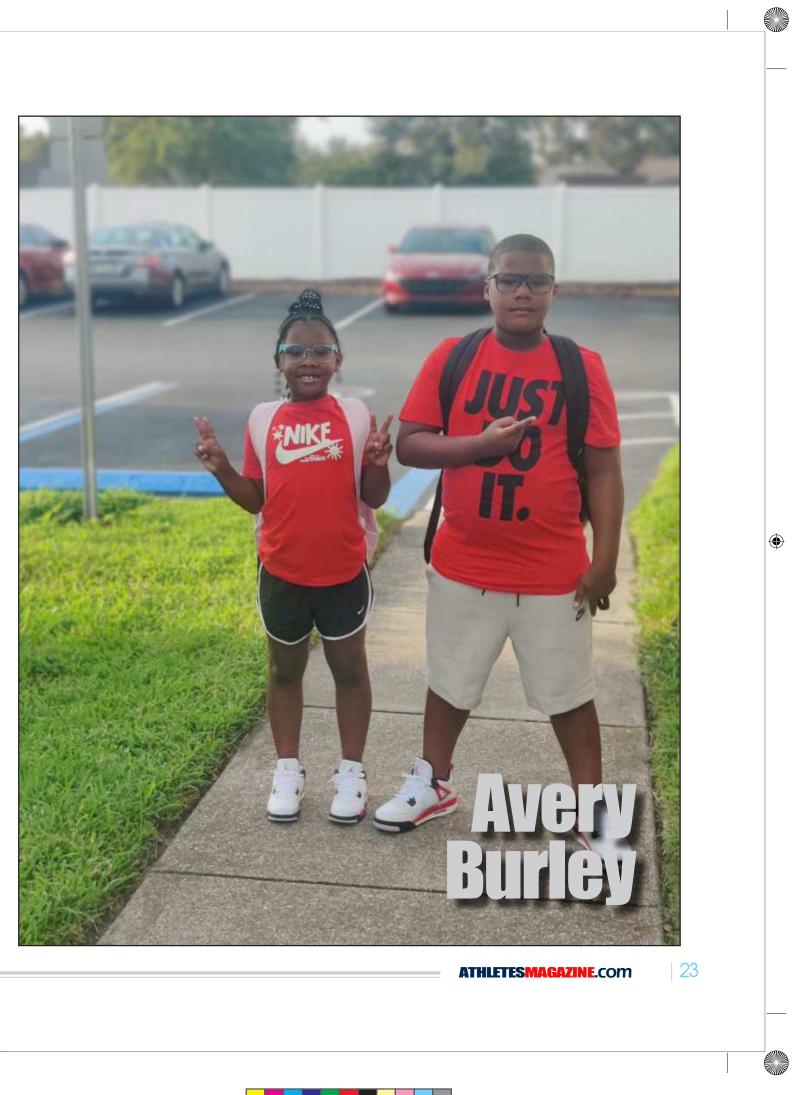

Challenges

My challenges are learning to balance being a student athlete. Most of all learning to be good at both and exceed in both. Other challenges I have, are facing some great players who are full of talent and energy. We all work so hard day in and day out with the same dream of making it one day, that when we step onto the pitch it's lights out and time to give it 110%. Our competitiveness makes us stronger and better everyday in and out of the classroom and on and off the pitch.

Achievements

One of my biggest achievements has been developing skill as a student athlete and courage to become the best version of me. My biggest achievement yet is being a team player and staying humble always. Without my teammates and support system I would not be able to achieve anything.

My name is Kai (otherwise known as @KaiGoalieGuy). I am nine years old and in the fifth grade. When I am at school, you can find me experimenting in the science lab or checkmating in the chess studio. Outside of school, I am almost always at the ice rink. If I'm not at the ice rink, I'm at the diamond (baseball diamond that is).

As a younger player, I remember begging my mom to try playing in net. My mom would always say, "Give it time. We should work on skating first." I always wound up blocking shots by falling to my knees near the net. My first coach said on numerous occasions that I'd be a wicked defenseman if I would just stay up on my feet. Turns out I'm a wicked goalie!

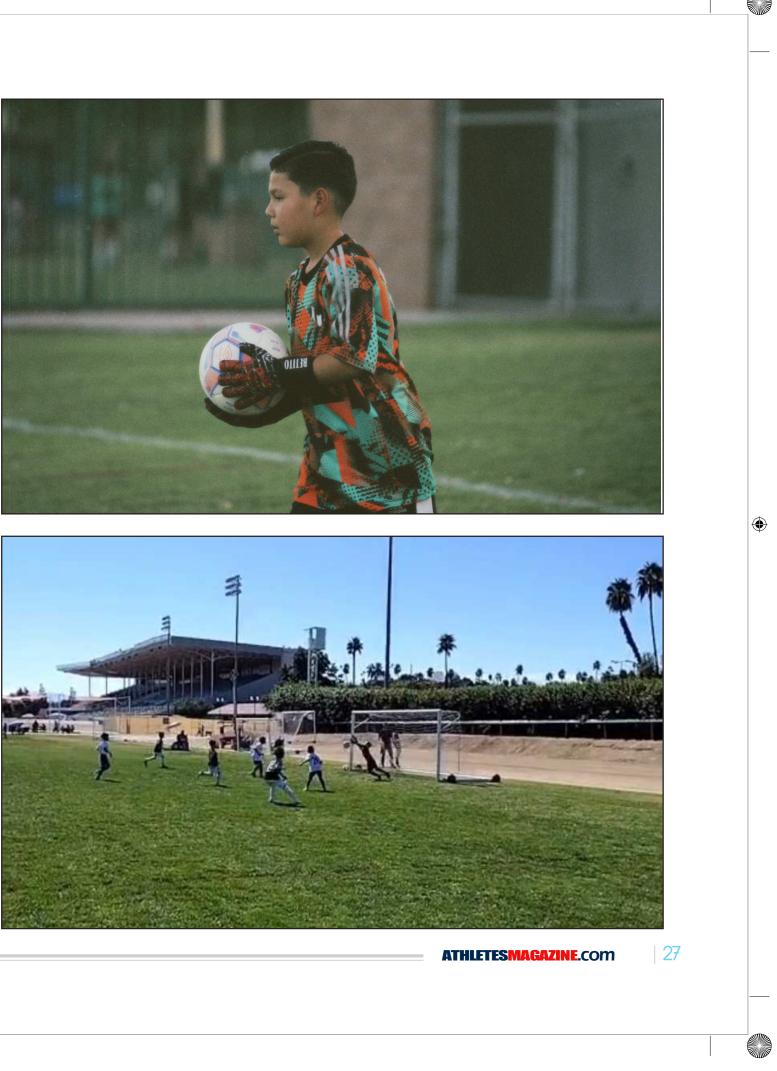

I started in net in June 2022. By September, I found myself playing Alevel travel hockey and being called a "back up goalie" by my teammates. I was determined to improve. I told my mom that I was going to make a triple A travel team at tryouts. Then I got to work. I set a schedule for myself training with really talented coaches multiple times each week. I noticed myself growing and developing as a player. Off-ice training became part of my regimen. I stopped eating candy, fast food, and drinking soda. Each week I would make more and more saves. Tryout season started and I brought out all of the stops. I had done it in 8 months! Seeing my name on a triple A roster for the first time made me realize that hard work really does pay off. I'm now in my second year of goaltending and loving every second of it. Every t-push, deflection, poke check, c-cut, and glove save fills me with a sense of accomplishment, pride, and motivation to attack harder for the next save.
