Alexa & Aliyah

Alexa and Aliyah are 4 year old twins that dance competitively for Steel City Dance & Gymnastics. They started with ballet at the age of 2 and tried gymnastics at 2 1/2. They joined the acro dance team at the age of 3. Since then, they have been able to find their own favorite styles of dance. Aliyah loves to dance to hip hop while Alexa adores lyrical and contortion. They hope to

continue to grow as dancers and with the amazing team of coaches that they have, they know that they can go as far as they want. They have had their own adorable duo the last two years. They hope to have another duo and solos next year.

I am in love with dancing. Its been my life since I was 3 years old. It is a release for me. I have a hard time in school and have a lot of social anxiety. I work really hard at school but I really have time learning. But with dance it helps me release my emotions and feelings. I learn skills I can't get anywhere else. I have gained so much confidence about myself. I do want to grow up to be on

Broadway or acting as a dancer somewhere, I hope my body can let me grow into beautiful dancers and person. I have made so many friendships with dance, that they are almost like family to me. I wouldn't change anything about my studio and teachers. They really push me to never give up and push me when I get down. I just love dance.

My dream is to advance in modeling so that I can make it a part-time job. I enjoy the art of modeling along w/ photography. I've been obsessed w/ the camera since I was little. I took photography for 3 years in high school, I enjoyed every aspect of it. I learned film, that was my FAVORITE. I fell out of touch w/ taking photos shortly after high school, but still missed the art. At 19 is when I started reaching out to local photographer, the rest is history!

My goals are to take classes in clothing design & art (painting, drawing, etc.) so that I can use those skills w/ modeling. I want to be as self-efficient as possible moving forward! Learning on my own has been tough due to my lack of attention span.

I move to Tennessee in May, I hope to work w/ many more talented photographers and artists.

I have been dancing since I was 2. Dance is my passion. I will attend my 1st competition this year and I am so excited! I have attended 2 conventions Titans of Dance and Revel where I won a scholarship at both. The stage is where I belong and I love to push myself to learn new things. I struggle with ADHD and sometimes its very hard for me to pay attention to details which

makes me have to work even harder for what i want. My goal for this year is to preform so big that my audience doesn't want to take their eyes off me!
