My name is Zuriel Hepburn, I am 7 years old. I enjoy gymnastics and I recently moved up a level. I am still a novice, but I train very hard. It helps that I take classes with my best friend. We encourage each other and have fun although I have trouble with my back walkovers. I also love

math and science and in general like to learn new things. I love music and one of my favorite groups is BTS.

I'm not sure what I want to be when I grow up, but one of my goals is to be a great model and actress.

Aldana Ortiz Pastor

I am a Grade 1 Student at Our Lady of Lourdes Catholic School. The year 2022 has been an awesome so far! I am proud to say I am now learning how to play the piano. There are so many notes to learn which has been very challenging but I am practicing most days of the week so I am learning fairly quickly. I also started studying Ballet at the Canadian Contemporary Dance Theatre. My favorite part of class is when I get to improvise using my very own moves! I am very

drawn to The Arts so maybe one day I will be famous in the music and dance industry, or maybe even as a fashion designer. That would be so cool! When school and extra-curricular activities aren't keeping me busy I love to spend time with my family. My family brings me the most joy! I am thankful for everything and everyone I have in my life.

Last year we got to be lucky enough to work with a few brands like Novakids, Minders baby, Pampers, just to count a few and she is currently brand ambassador at The New Wavekids Salon and loving every moment. So... Yippy yay... we can't wait for more brands to start noticing her.

Challenges :

We are new to this Instagram life and still learning... We learn everyday lol... But the biggest challenge is having to be Zee's wardrobe manager, photographer, stylist, mommer, you name it.... It's exhausting at times especially when she doesn't feel like taking pictures oh my word... I need a spa

day just thinking about it...

The worst challenge is the hate social media now has lately, people are just so mean, angry, broken and don't care who they drag anymore. It's so sad.

Finance is also a challenge this side simply because I'm an unemployed mom and driving around to create content can be very challenging with little to less resources. I hope it gets better with time.

Dreams: I'd like baby Zee to grow up to become an amazing little lady that loves people and welcomes everyone with warm arms.

It would be amazing if she grows up to become a public figure because her smile is something I'd like the whole world to see... My baby has the most beautiful smile that could light the whole universe and her eyes sparkle light stars in the sky...

So if modeling isn't her thing maybe be an actress, singer or anything that puts her on the spot light cause I know how much she loves being in front of

the camera. We'd love for more brands to start noticing baby Zee and getting paid partnerships.

Goals:

My goal is to find sponsors and brands that would like to work with baby Zee, also agencies that will put her where she belongs (in front of the screen)

We'd also love to give back to the world by working with orphanages and schools donating what we have to the less privileged.

Achievements:

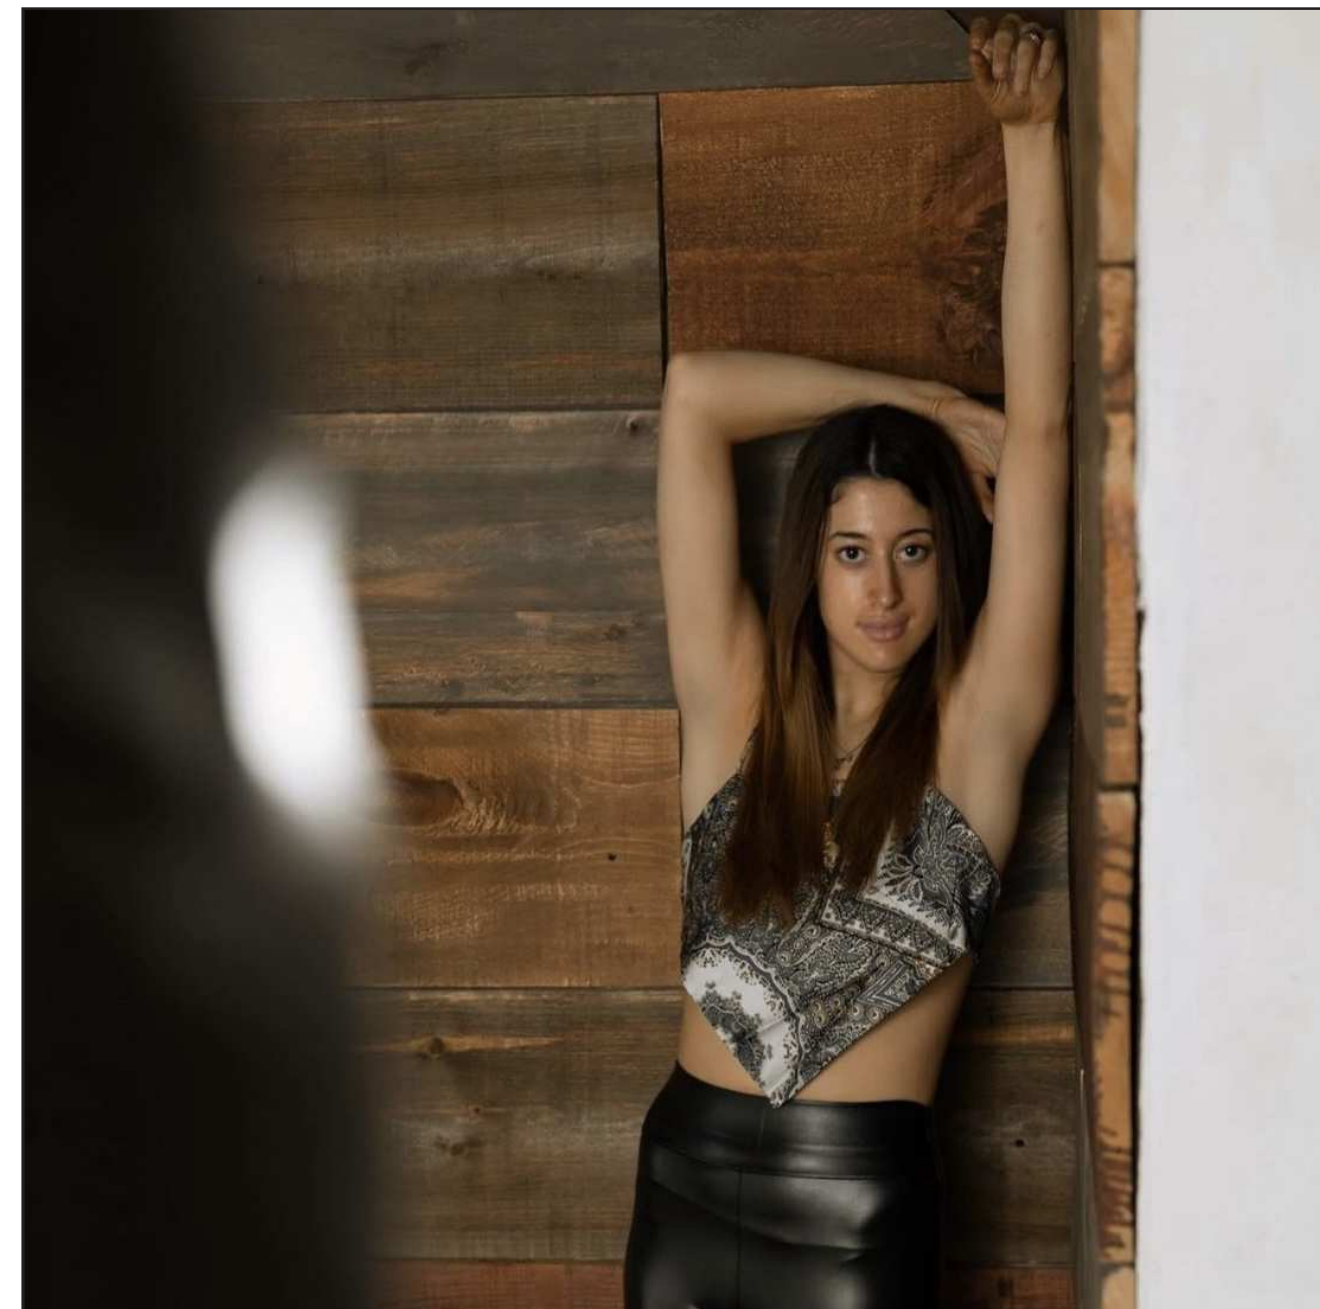

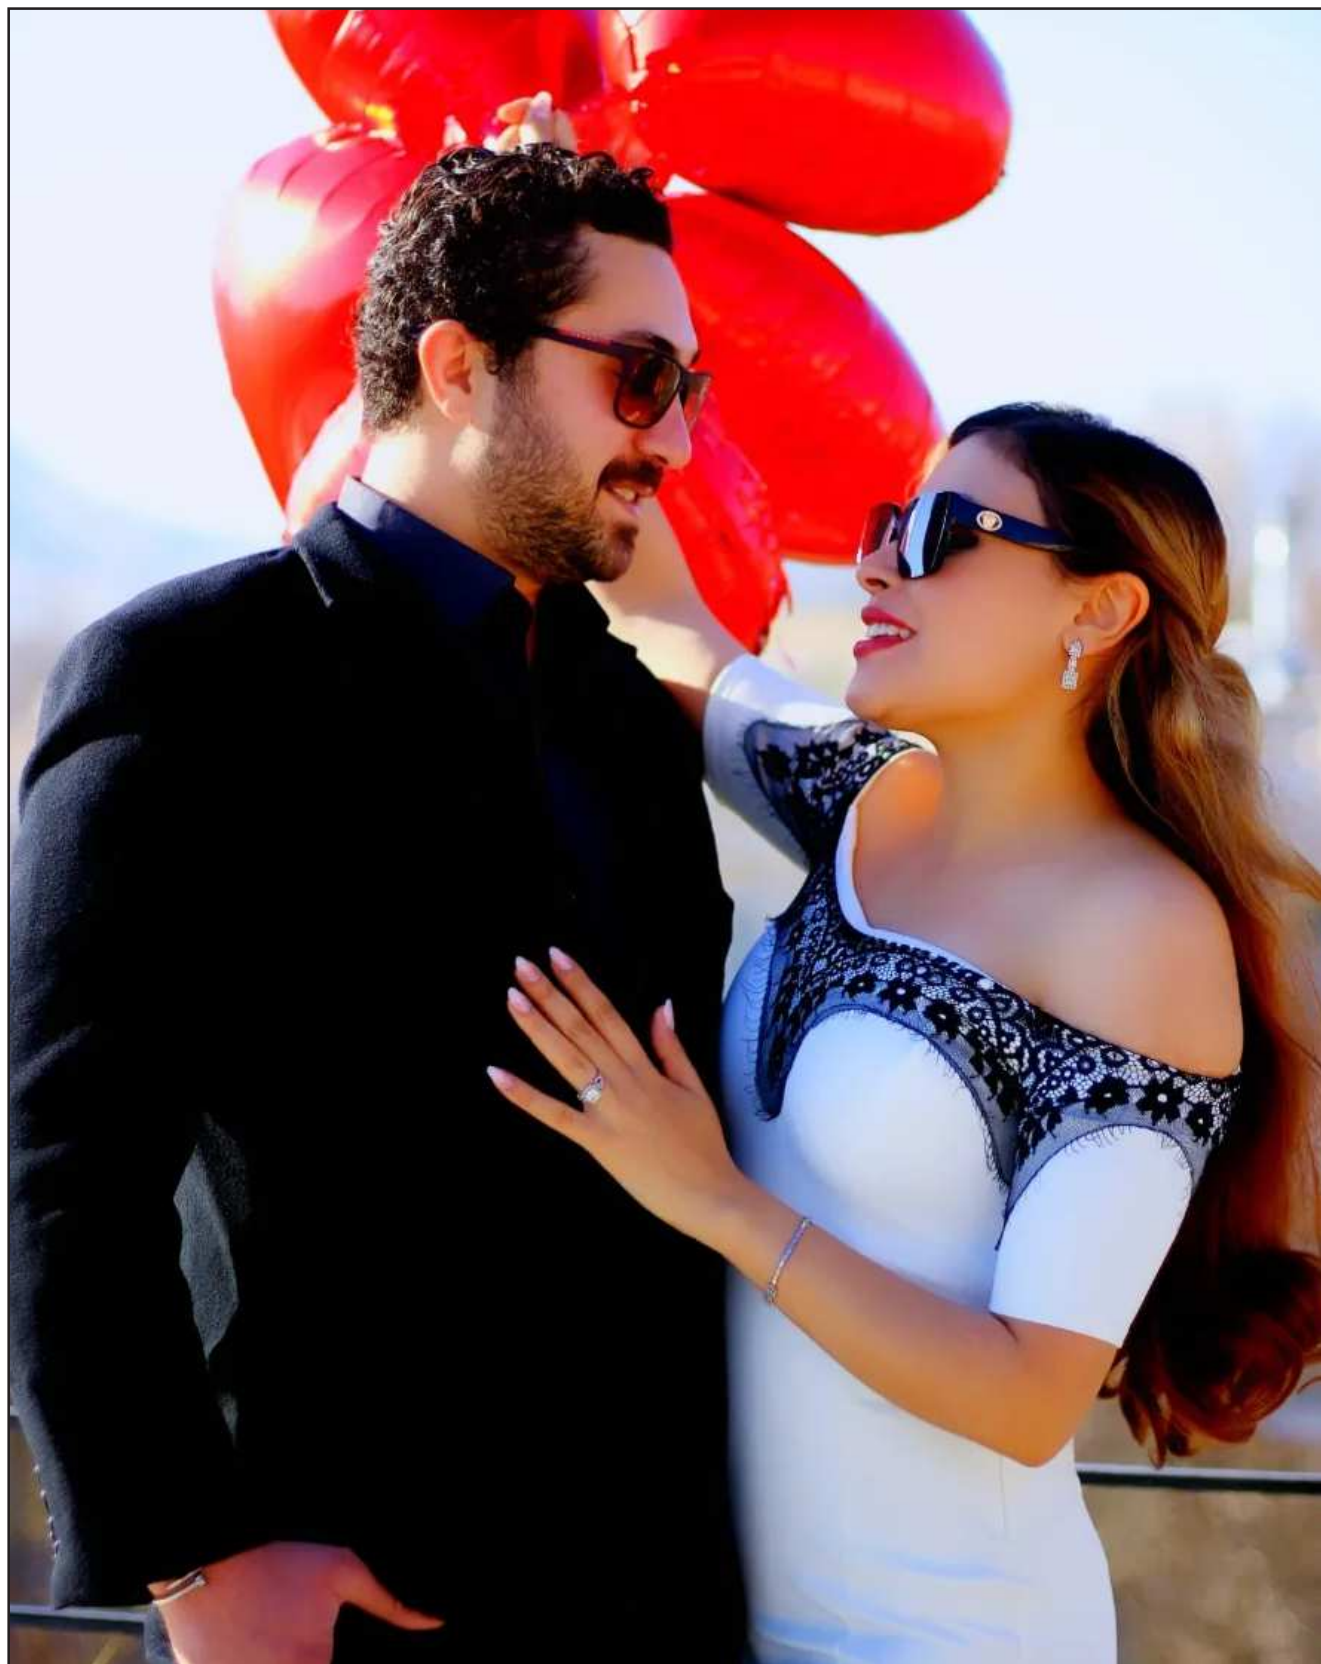

I am not just a pretty face I also have a masters degree in social work and I am currently working on getting my LCSW so I can open up my own therapeutic practice. I plan on providing couples therapy in my private practice. A modeling goal

for myself this year is to attend New York fashion week and walk down a runway for a swimwear line or lingerie line.

Gosh, where do i begin. I first modeled at 4 years old my first time for a magazine for my county. Ever since then i felt happiest and most confident in front of a camera. My dream from then was when i grew older, i was gonna pick this up and try to make that little 4 year old girls lifelong dreams come true of being a published model signed one day with an agency. The challenges i've faced these past 7 years have been the hardest yet. I've dealt with depression, anxiety, and dark dark

times. When i started shooting with photographers recently, all of that has tremendously decreased. I feel I can be myself in front of a camera at my happiest, i feel confident and more myself than i ever have. It's truly my happy place when i'm shooting, and following my dreams to make that little me happy.

Brooke Monroe

Luciano Ortiz Pastor

My name is Luciano Ortíz Pastor. My Dad is Donald Ortiz Perez. My mom is Angie Pastor Sanchez. I like to play with my dolls and football and I also love to dance.

My name is Brooke Monroe and I am a 9 year old from Northern Virginia. I spend a lot of my free time at dance practice where I do ballet, contemporary, hip hop, and majorette. I've become pretty good at most of these classes and I love it when we get dolled up for our performances. Performing lets you become someone else and I think it's the best part of all of

the time and hard work that we put in. Outside of dance, I've acted in a few plays and short films. Some of horror where I got to look extra creepy and some of them extra cute. I liked both styles and all of them helped me to decide what I want to be when I grow up — an actress. But just in case, I'll also study to become a meteorologist too.

Hi! My name is Chelsie Cahoon and I am a published travel model from a small town called Clifton Forge, VA. I have been modeling for about eleven years and hope to continue furthering my career in the upcoming years in fashion, bikini, glamour, and other genres. I have been published in numerous magazines, on websites, and am the main ambassador for a few different brands. One of my main goals is to model for swimwear brands like Roxy and Billabong and eventually be on the cover of other bikini magazines. On top of

modeling I am also a content creator, brand owner of a company called Music Is The Drug, and I am a singer and songwriter. This year I plan to push myself harder than ever and achieve all of the dreams that I have. I hope to work with many brands with modeling and content creation and also create my own album. Here's to crushing my dreams!

Crystal Wilkins has been modeling for Colors Are Beautiful for 2 years. She has also been a Muse for African Print Styles from this brand. Crystal has been modeling for years for different Fashion Designers. My goals are to get more on-going customers and to get more sales where people buy my items at the regular price. My Challenges are when people want too many discounts. I went

to a meeting with an Entrepreneur Coach she told me ways not to do that because customers should pay the Fashion Designer for what their items worth. So with Crystal she has represented my brand very well. There is more to come with her.

Dana Hopson

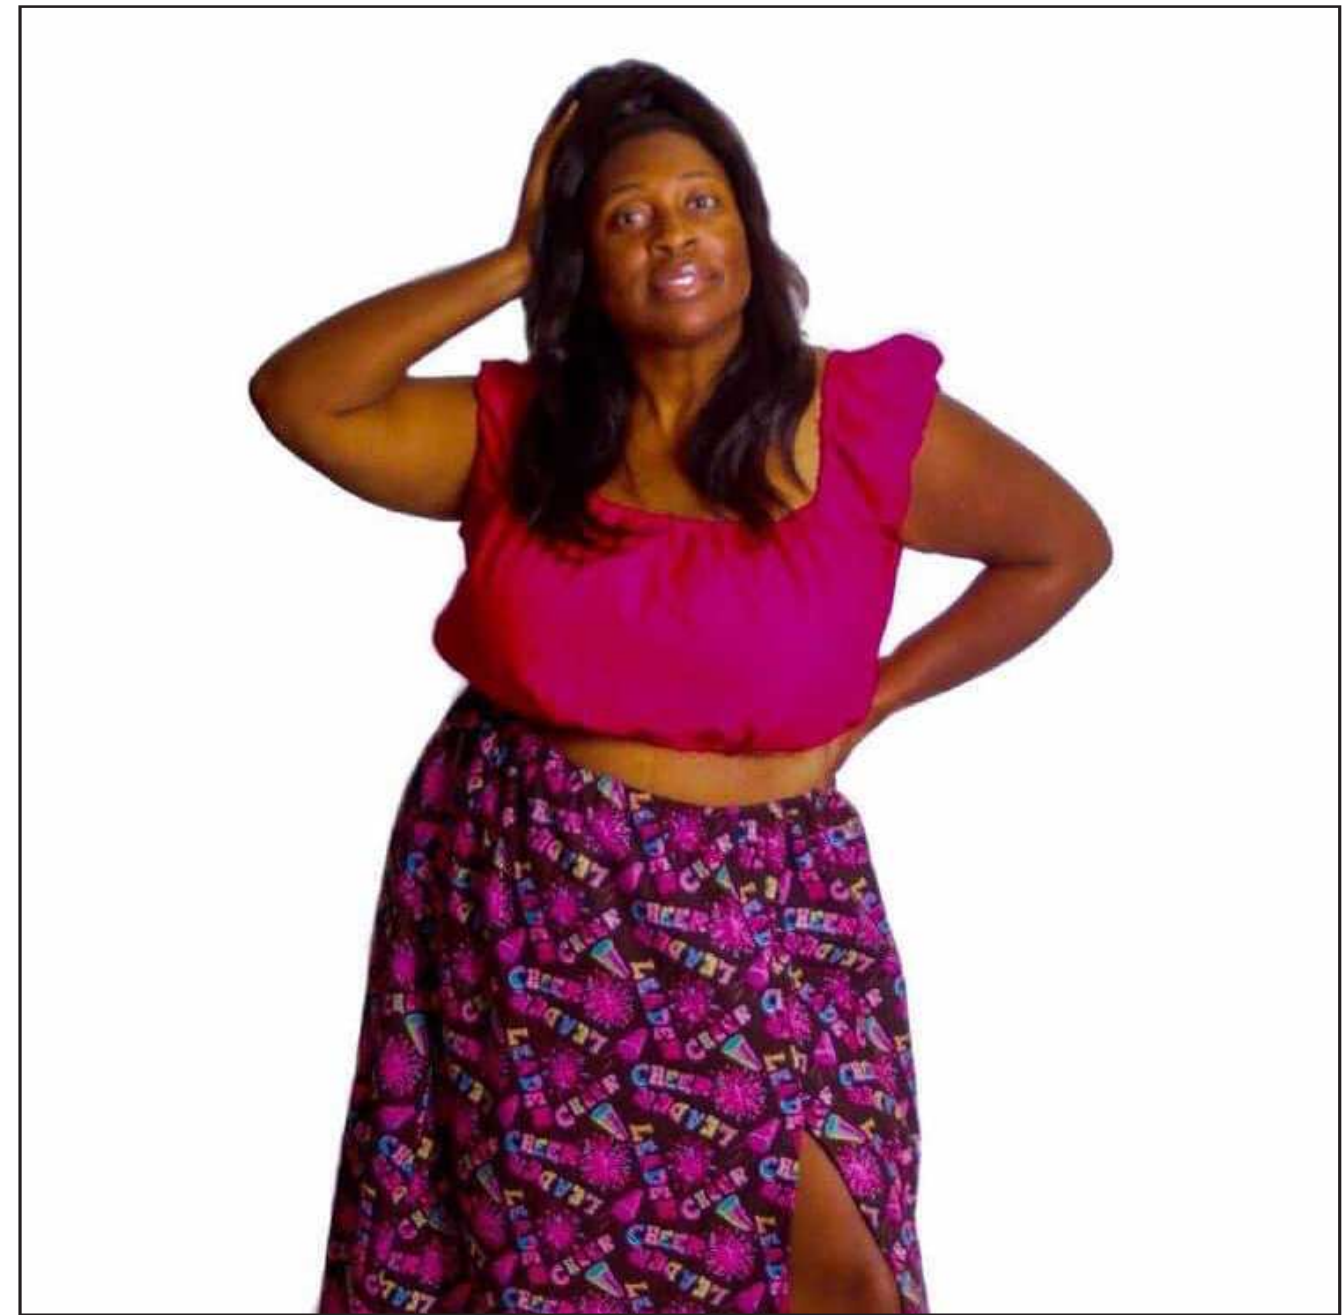

**Dana
Hopson**

Hi, I'm Danae, I'm 11 years old. I would like to become a great actress and model. And above all a great dancer.

Danae Repiso Sanchez

Dana Hopson has been modeling for Colors Are Beautiful for 2 years. She has represented the brand so well. The best thing is her husband also liked my work. So she put in an order request for her husband so he can also wear my work. They paid me really good. So I can see that Modeling runs in their family. Dana's daughter is also a Model. I can't wait to work with them again. Dana Hopson also models for different name brands

just to get exposure. So I am so glad that chose her as one of my Models when I was scouting on Model Mayhem. We also share the same faith. We are Jehovah's Witnesses for the most part. She is so glad that I am not just her Fashion Designer but her Stylist as well. There is more to come.
