Ik hoop in de toekomst hier nog veel meer in te groeien zodat er nog vele mooie opdrachten voor mij tegemoed komen. Ik hoop dat ik hiervoor de kans krijg...

Stephanie started modeling my clothing brand Colors Are Beautiful in Ava Stringfellow's Virtual Couture Fashion Show of 2020 she also modeled in a Photoshoot that was set up for the show. She made my gold dress come to life through the runway and photos. She also helped me get it sold. I am so glad that I got the chance to work with her. I look forward to working with her again.

I'm from Moreno Valley California where I was extremely fortunate to have a childhood. I was raised there by both parents. I graduated from Rancho Verde high-school and excelled in the sport of Track and Field which led me to earn a scholarship to Cal State Angeles where I hold the Triple Jump school record since 2010 and won The Division II title in the Triple Jump event 2011. One of my challenges is getting in contact with the right people for opportunities and growth.

One of my accomplishments was competing at

the University of Oregon 2012 in the Olympic Trials. Another accomplishment of mine was being signed to Wild models Los Angeles the end of last year. The most current accomplishment was walking the runway for the designer Joshlyn Jamison representing her clothing line Zadekahemporium March 26th 2022 at the Los Angeles Convention Center. My goals are to act and model full time and that is my dream. I am thankful for my health, opportunities and family support. I take one day at a time working towards the smallest goals to accomplish my big goals.

I am a scientist and photographer living in the Washington DC area. Early on, I was mainly a landscape and wild-life photographer. As an outdoor photographer, I was fortunate enough to travel to many countries in six continents and capture many unique and beautiful moments. In the past two years, I have become passionate about portrait photography capturing the spirit and essence of people. Being a scientist, I love experimenting with my photography whatever the genre.

A chance opportunity to do a photoshoot with few very talented photographers in the DC, Maryland and Virginia (DMV) and extremely talented models from a Virginia based Gabbana Modeling agency led to this amazing photoshoot with Sandy in Inspiration lake in Gaithersburg, MD. We took our time doing the photoshoot and at the same time having fun and documenting all of the moments. I am so glad to have worked with Sandy and looking forward to working with her again

My name is Lainey, and I'm 12 years old. When I was just 9 months old I first began modeling, and loved it. My whole life I have loved to model and pose for pictures, so modeling is really enjoyable for me. By the time I got older, I decided that I wanted to start modeling again and possibly acting to. Both acting and modeling are my biggest passions, so starting this career is a dream. As a model, something that I will always dream of is getting the chance to be in a NYFW

fashion show. It would be amazing getting to dress up and walk the runway! When starting modeling, there are some challenges, especially when it comes to social media. However, even with these challenges, I am happy to get to model! My hope is that, when I am older I can be a great influence for others!

Hello I'm Mal Gilmore. I am 18 years old and a mother to three children. I'm a senior in high school and I plan to graduate in December of 2022. I will then be attending nursing school to become a certified nurse's assistant. I am currently a stay-at-home wife until I get my schooling completed. I've been playing a move to Panama City Beach Florida to work at a local

nursing home on the ocean. I have always wanted to be a positive role model for people managing to juggle school and children. I believe anyone can accomplish what they set their mind to everyone can accomplish their dreams.
