My name is Angella Renee, I live near Chicago in the United States. I've been modeling for 8 years. I love to travel and I'm always looking to try new ideas. I love fashion and being creative, I love pulling new looks together and collaborating with the photographer. I started out doing pin up, but quickly evolved into all genres. I do like to do pin up still, I absolutely love rockabilly and old Hollywood glamor. I would love to do runway shows and travel the world as long as I'm able!

I CAN CHEER

# Kennedy Tristan

My name is Kennedy Tristan. I am 12 years old. I live in Texas, USA . I am thankful to be a part of the wonderful dance team of mine . The Friendships I have made here are priceless. Recently my team legacy took the first place and

we were the grand champions. It was a clean sweep. All of our other teams members had worked really hard for that. I am happy with the way I am progressing and want to continuously do so.

My name is Calloway. I am 11 years old. My greatest passion in life is All Star Cheerleading and animals. I started in gymnastics when I was 18 months old and started cheer when I was 6 years old. Cheer is everything to me. You can find me in the gym at least 5 days a week and sometimes more. In the gym I am constantly perfecting my tumbling skills, doing privates with coaches, and of course team practices.

I have been a flyer for cheer for the past 5 seasons. Being a flyer means making sure I am taking care of my body and stretching constantly to avoid injuries. Flying is all about balance, flexibility, facials, and a lot of confidence in my bases. This year I was asked to be a cross over on a 2nd team and learned how to be a primary base. It is very humbling to be on 2 teams and be able to perfect 2 different positions on the teams. After learning how to base this year, it has tremendously made me better at flying. That may sound a little funny, but it's the truth. Understanding how

to base and hold a flyers foot, taught me as a flyer better foot positions I can do, so my bases have an easier time keeping me in the air. It comes full circle with understanding how to fly and now to base. I can complement my teams by knowing both roles as a flyer and a primary base.

There is nothing that compares to competition day. It's everything I have worked towards. The butterflies that build in my stomach as we are about to take the floor are indescribable. The minute the curtain opens, I run out to the floor and get set in my spot – the butterflies go away. The spotlights are bright, and the music comes on. I know at that moment its my time to shine and give it my all. The 2 minutes and 30 seconds I spend doing my routine goes by in a flash and then it's all over. I can only hope my team did enough to earn us a 1st place finish! I have the best coaches and teammates a girl could ask for.

This year I also started to do a little modeling for a cheer company called Rebel Athletic. I am a Rebel Ambassador for 2022-2023 season. I am loving every minute of it. I have meet so many of my best friends this year with this new opportunity. I have traveled to many states for meet ups and photos shoots and I am having the time of my life with it. I am hopeful to be able to continue this journey for many years with Rebel.

Eat. Sleep. Cheer REPEAT! It's all I know. It's in my DNA.

Well, I am a dancer. Apart from that, if I talk about my interests then I have been interested in painting, singing and dancing. According to me, if I talk about "challenges" in life then it is the path to improve and introspect ourselves. Whenever we

face rejection, it proves to us that we are trying something to modify ourselves. Every person has dreams but not everyone has courage, might be they are terrified to face obstacles but my goal is to be an independent woman.
