My name is Taylor Ruggiero and I am a dancer from North Haven, CT. I enjoy all styles of dance but Lyrical is my favorites. My goals for dance is to continue to see growth from year to year. One of my greatest achievements as being cast as Clara in North Haven's Nutcracker. I have also won numerous overalls, titles, special judges awards, dance team invites and scholarships. When I'm not dancing I love to go to the movies, spend time with my friends and travel. As a huge fan on Elvis I got to visit Graceland, in Memphis, TN. It was amazing to see all of his costumes, cars, gold records and other memorabilia. I'm so excited to be performing Elvis songs for two of my three solos. My futures goals are to attend Juilliard and dance on Radio City Music Hall's stage as a Rockette. I also would love to be an archeologist, and travel the globe exploring the history of the world. I would like to thank my dance teachers at Performing Art Studio BE, Ms Michelle, Ms Carissa, Ms Megan, Ms Andrea and Ms Jackie for all the training and support. I would especially like to thank the Mallico Family Becky, Sophia and Adriana for pushing me to always be the best dancer I can be and for helping me build a confidence that will help me throughout my life. The best advice I can give to dancers is never give up and always work hard for yourself, every dancer is amazing and has their own unique gifts.

Milani is innately a shy, introverted nine-year-old. Her reticent personality initially was a challenge when Milani opted to try new things. She was often quite hesitant to put herself out there. However, those around her quickly learned that she comes out of her shell when it comes to doing the things that she loves. Those activities include reading, drawing, learning a new language, gymnastics, and spending time with her family.

Her confidence and independence are more accentuated when practicing and performing gymnastics. She started her gymnastics journey a little over a year ago in 2022 with DREAMS. DREAMS has helped Milani realize that being reserved is natural and even useful in the sport. She has displayed incredible growth and success as she has recently placed in her last two gymnastic meets. She has cultivated her confidence after realizing that she is capable of committing to long practice hours while maintaining her status as an honor roll student. She hopes to continue improving in gymnastics by not only setting more goals, but reaching those gymnastic goals throughout her life. She hopes to one day transfer all of her growing skills, knowledge, and confidence into her dream job of becoming an art teacher. She has already proven to be an incredibly artistic, committed, and supportive sister, daughter, and friend.

when I was a girl I dreamed of becoming a dancer and a model, I did do some dancing while growing up, and I've done a few photo shoots in my time.

Now I run my own dance troupe, go out to do competitions, I just love watching how far my dancers have come I'm such a proud trainer.

I also have a paranormal team as I enjoy anything to do with the paranormal, I've investigated a few

places over the years I'm really enjoying the proof we feel we get as a team.

The dreams and goals that I have I feel I'm already achieving in my life and I will continue to thrive with whatever I want to do in life. ALWAYS BE HAPPY AND NEVER GIVE UP 😊
