My Name is Aria De Luca I'm 4 years old. I love to dance and have been since I was 2.5 years old. This year I was on a competition team and worked extremely hard. I was so scared to take on the stage before and this year I got on the stage so many times and killed it. I placed at every competition. My dream is to become a professional dancer one day and learn all the acro skills possible.

Hi I'm Rogan, I am 5 years old and I am about to complete my first season of dance. I absolutely loved it and hate to see it coming to an end. On the bright side I am really excited for summer classes and intensives! I am going to work really hard over the summer to be great for when I audition for the company mini team! I love gymnastics also so my goals are to make the team,

learn some cool tricks and technic and break through my shyness and try a solo or trio! I have not even started kindergarten yet so I am not sure what my dreams are. I just hope all my days are filled with dancing, drawing, making new friends and hanging out with my family and twin brother.

My name is Peyton Zacchilli and I am 13 years old. I began dancing when I was two and started competing when I was 7. I have won many placements, scholarships, and title for dance. I am currently a member of the Elite Team at Dance Extreme Academy in Trinity, FL. I have

also performed in the Nutcracker as Clara as well as in other roles such as Clara's friend, the Columbine doll, Marzipan, Sheep, and the lead Ginger baby. I was the Tumbling Oompa Loompa in The Golden Ticket, Tales of a Chocolate Factory and was Cindy Lou Who

in the Christmas Spectacular. In addition to dance, I am also skilled in aerial silks. In the future, I would like to dance in New York, perform in Cirque Du Soleil, or be a choreographer.

My name is Aryah Shiner and I am 5 years old. I started dancing when I was 18 months old and haven't stopped since. I LOVE TO DANCE!! Some challenges we had this year was moving to a new dance studio and having to adapt to a new place, new friends and new dance teachers. It was the best decision we've made and this has been the best year of dance so far for me. This year was my first year as a competitive dancer and it was everything I dreamed of and more! I set a pretty big goal for myself this past year for competition season as I told myself I would earn my very first platinum trophy and place in the overall category and I did just that!! My goals for next season is to earn a solo, place in the overall at every competition for all of my dances and keep creating amazing memories with my all of SDA dance sisters. I would also like to get my aerial and back handspring for the next competition season. When I grow up I want to be like my Mom and I want to be a professional dancer and also teach at our dance studio. I love to dance and I dance every chance I get. Aryah started FLVS for kindergarten this year and she is getting ready to graduate kindergarten with straight A's!! Smart and talented.

My name is Paul Simms, and for the past six years I have been a photographer. Although I came to photography a little later in life than most, I still remember the first time I used a camera. I remember a little black box with a button and a light that would produce an image as if by magic. I was far too young to know about the technical side of photography but I would ask to take a photo every time I saw the camera, much to the annoyance of my parents. After many years and the invention of the smartphone, I realised I was taking a lot of photographs, mainly landscapes. People started pointing out that I "had an eye" for a photograph. It was at this point that I started looking into purchasing my very first "proper" camera. It was a Canon DSLR with a standard kit lens. That's when I started to teach myself the more technical aspects of photography. I continued with landscape photography and started to flirt with portrait photography, but my attempts were lacking something so I joined the local camera club to learn more and improve my skills. It was here that I met Stephen Sheridan, not only has Stephen introduced me to the finer aspects of portraiture, but to some fantastic models and artists too.

In these past six years I've had the pleasure to shoot in some fantastic studios and locations around the North West of England. I have covered sports matches, concerts and theatre shows. Most recently I had the pleasure to work again with the amazing artists from the North West Burlesque show on a shoot in The Britannia Adelphi Hotel in Liverpool. The venue is an absolute dream to work in and I do realise not many photographers will ever get the opportunity to shoot in such an iconic building as this. But

I'm just a petite model from the small town of Fairmont N.C. trying to make my way in the modeling industry.

I am a member of CMA (Christian Models Association) where the awesomely beautiful Angela Stikks Adams is my model Coach. I am signed to Bellah Modeling Agency in Columbia S.C. as a commercial and petite runway model. I've always dreamed of being in magazines and walking the runway every since I was a teenager. I can gratefully say that I've done both!

Now my goals would be to develop it into a career, make it into magazines such as Elle or Vogue, sign with a few agencies in different states and to make it onto a larger runway platform like in Paris or N.Y. For a petite model like me that would be ideal, and the industry is constantly changing so it could happen sooner rather than later.

I've been published over 20 times, including two front covers and two back covers, walked in a few runway shows and I even had the pleasure of walking for Victoria Henley of ANTM in her Manifique Runway Show! I am truly grateful to God for all that I have accomplished thus far. I only hope to inspire others like me to go for their dreams no matter what height, age or size, if I can do it, so can you!
