My name is Shawna Branchcomb. I'm from Locust Grove, Oklahoma. I'm a Cherokee Nation citizen that has spend my whole life on the reservation. It's always been a dream of mine to see our women excel in areas such as fashion modelling. I grew up never seeing women that looked like me being represented. Since I have began modelling I have gained lots of local support from my community and other women who feel the same way I do. I have represented my tribal nation in 6 fashion shows so far and the Cherokee Nation has sponsored me for the first ever Ribbon Skirt Fashion Show. I have walked in

prestigious shows such as the Teton Trade Cloth show that took Place at the First Americans Museum earlier this year. Although most of my shows have been solely for indigenous fashion I'd love to break beyond that and show that there's places for native women in the mainstream fashion space as well. We are here. We are beautiful. We are resilient. I want to be an example of the strength of my people while pursuing this goal of entering and building a career as a mainstream fashion model.

My name is Clara Grace. I am a gymnast and I enjoy doing it more than my school holidays literally. I am always excited and

looking forward to next events. I also have so many good friends in my life. I also like sunday a lot as we get a chance to enjoy on

solely sundays. My dream is to become a miss universe. I am improving my personality for it.

As a dedicated gymnast, my dreams soar through the heights of the uneven bars and twist through the air on the balance beam. Gymnastics is my passion, an exhilarating sport that ignites a fire within me. I step onto the mat with a sense of purpose, driven by a deep love for the sport. While some athletes dream of Olympic glory, my aspirations are rooted in a different path. I strive to utilize my gymnastics journey as a means to achieve a different dream: attending college. By excelling in gymnastics, I hope to catch the attention of college recruiters who recognize the dedication and work ethic it takes to thrive in this demanding sport. Through gymnastics scholarships or admittance to a collegiate gymnastics team, I aspire to pursue higher education and unlock opportunities for personal growth and achievement. Ultimately, my dreams as a gymnast are grounded in the love I have for the sport and the desire to leverage it as a pathway to a college education.

Bruce Smith is a self taught freelance photographer based in the South Florida area. He has over 40 years experience as a photographer, and 11 years in full time Fashion and Swimwear, amongst other types of photography, including product, headshots, family and corporate, to name a few.

He began his photography passion at the young age of 9 when he received his first camera for his birthday gift from his parents.

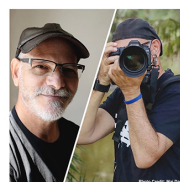

For the next few years, he spent his entire allowance on Film, flash cube/bars, and processing.

In high school, he attended Vocational School where he majored in Graphic Arts, which was totally different than Graphic arts as we know it today. He excelled tremendously in the photography classes, and was the only student in his photography class that was allowed to photograph the girls in the Cosmetology classes.

He was in these classes from Sept 1975 thru May 1978, when he graduated the highest in his photography class. This was the start for his love of fashion/swimwear photography.

Before scheduling a photo shoot of any style, he always conducts either a face to face meeting or a video call prior to scheduling a photoshoot, so shoot ideas can be discussed, and the model and Bruce can get to know a bit of each others' personality. The final results on a shoot doing that has always proven to result in much better final images.

I moved from Michigan down here to Florida 3 years ago. I didn't really get into modeling much until moving here. As a single mom, it's more of a hobby I have taken up. I put together a body positivity shoot with some girlfriends to gain confidence after having my two kids and a bad break-up and ever since I've just continued to do photoshoots. I enjoy meeting new people during each photo shoot and speaking with the photographers to bring awesome new ideas to life. Through photoshoots, I pray to just meet more amazing people and find myself again in this journey. Her Instagram is: emimarie78

My name is Hadley Mae. I like to turn things upside down to watch pictures and performances from another perspective. Balance is the key to everything. What we think, do, eat, say, feel, they all require awareness, and through this awareness we grow. Life is good for me especially on a Friday because I get to dance. Dance is my favorite thing to do and i want to keep on doing it.

I'm a southern, redneck, country model, that dreams of going as far as I can not only in modeling, but in beauty pageants as well.

I compete in beauty pageants, without covering my tattoos, and without hiding who I truly am.

I feel everyone that wants to pursue their dreams, should, without anything, or anyone holding them back. I'm very passionate about pageantry, and proving that even someone like me, can have the same chance as the ones that everyone pictures, when they think of a beauty queen.

I am the current titleholder, Crown of California Ms/Mrs 2023, and will be competing in the Crown of America Pageant on September 2nd.

I am also the former titleholder for the following:

Ms. Pardeeville 2019-United States Pageant

Ms. Wisconsin Petite 2019-2020-Petite USA Pageant

I'm also passionate about fishing, hunting(especially bow), mudding, ATVing, camping, boxing, MMA, and obnoxiously loud, lifted and big tired trucks.

I have had some major setbacks, the last 2 years, due to my health issues, that have escalated quite a bit.

I ended up with Lymes disease, for a second time, that's incurable now, and caused not only other health issues, but

caused the ones I already had, to quickly worsen.

I have POTS (Postural Orthostatic Tachycardia Syndrome), HEDS (Hyper-mobility Ehler's Danlos Syndrome, and a vascular disease, that I just recently had confirmed, but don't know the name of yet. Doctors also say that I may end up with more added to already long list of issues.

These diseases have caused me to be unable to work, and I had to put my entire life and dreams on hold, but I've decided it's not going to stop me from living anymore.

I started modeling and competing in pageants again, and will be slowly trying to get back into hunting, amateur boxing and amateur MMA as well.

I don't want my health issues to stop me from being my authentic and true self, nor from chasing my dreams, and reaching for the stars anymore.

This is me, and I'm ok with it. I

am me, and I am not your paperdoll!
