Becoming a model in the music industry wasn't my first choice. I want to say that I got into modeling before I got some music. I started my Modeling journey in 2020 with a studio in New York City Manhattan. As I continued the modeling journey, I recently fell in love with music. Late rapper Juice WRLD what is my inspiration towards music in during that same month of the passing of Juice WRLD I lost someone that was really dear to me and that was my mother. During that time Covid 19 was a big thing, and I was leaving my hometown to go off to college in Pittsburgh. I want to say February 2021 was when I began to take music seriously. Me and my friend we were actually roommates and he actually did music before me. We begin to record music on our phones. He show me the ropes of how to mix and master my music, but at the time it wasn't enough for me I wanted to increase my quality. Long story short I've been doing music since 2021 and by just doing music I have been hit with a ton of different opportunities. Met a lot of new people and start to take Modeling seriously. My modeling career really beginning to kick off. I want to say this year of 2023. I was in a situation where I met the right people and had the right support and was able to be a part of numerous shows, such as Philly, some fashion, johnstown magazine, and johnstown fashion week, enigma masquerade fashion show in, and a couple other minor fashion shows as well. Once I lost my motivation and the people dear to me, that's when everything began to change.

My names Faye Delune, and I'm A Professional Model, Musician, and Photographer, (Delune Photography) of over 10+ years, but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy, but really, If I can spark a reaction of any kind from my art, then I've met my goal. I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. "I'm A Blank Canvas, Give Me A Story To Tell." / "Lets Tell A Story." / "A Story Within Each Piece" Are the phrases I Use To Describe My Art. Through the years, I've been studying and learning Modeling, Music and Photography at The Professional Level and really enjoying the artistic aspect of it all. In the 10+ years, as a model, musician, and photographer, I have had the honor of being featured in/on countless of Magazines, Runways, Commercials, Editorials, Catalogs, Websites, Social Medias, and more! I have also worked with several Brands, Companies, Businesses, Artists, Designers, Bands, and more! Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model, musician, or photographer, it allows me to meet lots of people, who usually leave impacts on me and vice versa.

I love making art, and love showing it off.

I hope you enjoy my work, and I welcome you to my world.

As a child I dreamed of being an actor. It still blows my mind that in my 40s, I am not only living that dream, but I am also a cinematographer and model. I use my creative side to help with hair and makeup, sfx makeup, props, and costumes. The kid in me is loving life for sure!

It's funny that this was all brought on by a tragic situation. After an attack, I decided to do all of the things I had always dreamed of. I wasn't sure that things would pan out, but each year has brought new opportunities for growth and expansion.

I'm a lover of learning. It's the teacher in me. (I also teach middle school math and head my department.) I like a good challenge! So, being involved in fields that have many different departments is a very exciting and rewarding experience for me.

My story...my life...is one of triumph after ruin. The situation that brought me to my knees also gave me the courage to take on the world.
