My name is Ava Molina. I am proud of the fact that I am hitting my goals and making self improvement. I would also like to congratulate my level 3 team for securing first position. I have the passion and courage to work hard and thus I

believe today don't define me. I have fun during my summer gym sessions. I want to stick to my routine and follow a fixed course of time. Thanks to my amazing coach who keeps on pushing me.

My name is Bri Linker. I am 16 years old. Loving gymnasium since I was a kiddo. I am ready to start a new chapter at states championship. Grateful that I do what I love to do. It takes a lot of effort and

discipline to achieve level 10 in gym. But it was sure fun capturing all those moments. I just hope to continue making more and more such moments.

# Cecily Scarborough

My name is Cecily I am 6 years old. I started gymnastics when I was 3 years old, attending a weekly session learning forward rolls and taking my first wobbly steps across the beam. When I was

4 years old my club, Robinhood gymnastics, invited me to try out for their Preparation Squad. I was accepted, this made me so excited. After watching the older gymnasts in the club I couldn't

wait to start training, learning new skills and competing.

My first competition when I was still 4 years old took place and I placed Silver on bars, my favourite piece of apparatus.

Last year competing at Level 7 I came 4th on beam and placed 5th overall at County Champions. I am now going into Level 6 and can't wait to learn new skills and start working on the high beam. I hope all my training and hard work pays off for competitions this coming Spring.

When I'm not training I love to play with my older brother and little sister. We live on a farm so spend a lot of time outside riding our bikes. I love to go for a ride and see Daddy on the tractor too. Last summer I entered a photo competition at our gymnastic club and won with a picture of me doing a kick over on a straw bale. At school I work hard on my reading and writing. I especially like art and craft, last year I won the schools trophy for the most creative.

I hope to achieve my goal one day of becoming a successful gymnast and go on to open a club of my own.

**Dreams:** To be a dancer or be famous one day and/or be a teacher and coach to help children achieve their goals and help them reach their highest potential.

**Goals:** To achieve every dance move that I can. To dance with other like minded dancers and to be the best that I can be in school, dance and at home. To dance with professional dancers to get tips and tricks to become a better dancer.

**Challenges:** My height as I am shorter than most and even though I have great flexibility my lack of balance can make my routines challenging.

**Achievements:** Dance moves that I have acquired to learn, I put my all and achieve them with in a short period time.

In 2023, was the first year I began competing in dance. I feel so accomplished, but yet so much more to aim for.

My name is Finley Totman. Recently I participated in the regional meets and it was an enriching experience for me. I am very happy for it as it was my goal for this year. I couldn't wait anymore to compete. I want to get the taste of success through

my planning and hard work. I workout everyday and keep myself fit. My focus is always on the outcome and not the obstacles. I am also association with a ngo and through my work I want to give something back to the society.

My name is Myka Aguilar. It was until last year that I enrolled professionally for gymnastics. I had been doing this for a few months before enrollment and thus got a good hand before investing my time and money. While practicing, I developed deep interest and curiosity for gymnastics. Now, my

dream is to have some serious practice and reach higher in the ladder and I want to see myself famous. There are various challenges in reaching there because I don't have a background or something like that but I am determined to work hard and reach there.

My name is Sophia Anderson. I chose to have a career in gymnastics because I always love to take a leap - half or full. I want to build a career like a warrior who can see, believe and fight for her career. I always look forward to some great competitive stages to try and enhance my skills. My dream is to perform at the highest possible stage.

I am a poet, singer, dancer, aerialist, actress, model, photographer, painter, anthropologist and sociologist.
