Alaya Dominguez

My name is Alaya Dominguez, and I come from a beautiful Caribbean island (Dominican Republic).

I fell in love with Gymnastic from the very first moment and dream of proudly representing my country in the Olympics someday.

One of my goals is to inspire children my age by showing them that, with unwavering commitment, they can achieve and make their dreams come true through sports.

Last year, I joined the competition team, and during my first competition, I managed to secure 4th place in the jump category, 6th place in the floor routine category, and 10th place in the all-around score. I kept working hard and managed to improve my position in the second competition (CopaODGYM 2023), where I secured the 8th position in the all-around score. This achievement is fueling my determination to strive even harder and confront my fears head-on. As I continue on this journey, my coach stands as a guiding force, not only shaping my skills but also fostering a resilient spirit within me. She plays a significant role in my life and has become a cherished member of my family.

I am ready to give my best in our national competition which will take place on May 2024.

You can achieve any of your dreams as long as you are willing to work hard enough.

Cecily Scarborough

My name is Cecily I am 6 years old. I started gymnastics when I was 3 years old, attending a weekly session learning forward rolls and taking my first wobbly steps across the beam. When I was 4 years old my club, Robinhood gymnastics, invited me to try out for their Preparation Squad. I was accepted, this made me so excited. After watching the older gymnasts in the club I couldn't wait to start training, learning new skills and competing. My first competition when I was still 4 years old took place and I placed Silver on bars, my favourite piece of apparatus. Last year competing at Level 7 I came 4th on beam and placed 5th overall at County Champions. I am now going into Level 6 and can't wait to learn new skills and start working on the high beam. I hope all my training and hard work pays off for competitions this coming Spring. When I'm not training I love to play with my older brother and little sister. We live on a farm so spend a lot of time outside riding our bikes. I love to go for a ride and see Daddy on the tractor too. Last summer I entered a photo competition at our gymnastic club and won with a picture of me doing a kick over on a straw bale. At school I work hard on my reading and writing. I especially like art and craft, last year I won the schools trophy for the most creative. I hope to achieve my goal one day of becoming a successful gymnast and go on to open a club of my own.

Emma Guzman

My name is Emma Guzmán Abreu, I am an 8-year-old Dominican gymnast who, perhaps like all my peers, dreams of conquering regional, world, and Olympic championships. I started practicing gymnastics at the age of 7, but ever since I can remember, I have loved this sport with every cell in my body.

When I was five years old, during the COVID-19 pandemic, I searched the internet for gymnastics class videos and spent hours watching them, learning the basics. At the end of 2022, I enrolled in the gymnastics school and quickly began learning.

I have participated in four competitions, winning 17 medals, nine of them gold. When I was at level 1 USAG, I competed in Puerto Rico at the GYM DAY 2023 Invitational organized by the Puerto Rican Gymnastics Federation, where I won 5 gold medals. Months later, at level 2 USAG in the Yamilet Peña Classic Punta Cana in my own country, I earned gold in the vault and silver in the floor exercise.

On the Elite Team

In September 2023, I started training at level one of the Pan American Gymnastics Union (UPAG) after being admitted to the Elite Children's Team of the Dominican Republic. Training at this level, equivalent to USAG level 6, is a great challenge for me, as I have only been a gymnast for a year. It also brings me satisfaction because I have learned advanced acrobatics and elements. In my first UPAG competition in December 2023, I won first place on the beam, second on the floor, third in the vault, and finished third All Around.

Challenges

For 2024, my goal is to improve on the bars, as it is one of my favorite apparatus,

and to compete in the Pan American Hopes tournament at UPAG level 1. Going to this competition and others outside my country is a challenge because I come from a family with limited resources. My parents will engage in activities and sell promotional items to raise funds, as the trips are very expensive. I will provide more details on my Instagram and TikTok accounts @EmmaGGimnasta.

I am very happy to have been selected to be featured on UpcomingGymnasts. This is a commitment to train even harder, be very disciplined, and proudly carry the flag of my country in competitions around the world. I love gymnastics, and I want to dedicate my life to it.

courts of gym. My dream is to be better than the other gymnasts so that they can't do what I can and I also practice diligently. A big credit goes to my mom for supporting me at every situation.

Gracey

I am passionate about gymnastics and love learning new tricks! I hope to continue to work hard and advance competition levels. One day I hope to be able to compete in College and continue my gymnastics career! My dream would be to be like Simone Biles and get a perfect 10 score and compete in the Olympics!

Hi my name is Mackenzie Santos and I'm 10 years old. One of my dreams is to own my own dance clothing line. I love fashion and dance so much! Both of them are such a big part of my life. Another dream of mine would be to own my own dance studio. When I

dance I feel I'm the best version of myself. I love shining on the stage and being in my element. Lastly, I hope to inspire others to believe in themselves, and no matter what to always follow

their dreams. Everyone is special in their own way.
