I am a scientist and photographer living in the Washington DC area. Early on, I was mainly a landscape and wildlife photographer. As an outdoor photographer, I was fortunate enough to travel to many countries and capture many unique and beautiful moments. In the past two years, I have become passionate about portrait photography capturing the spirit and essence of people. Being a scientist, I love experimenting with my photography whatever the genre.

I was fortunate enough to work with talented Rivka Leah. She is passionate about acting, singing, and modeling.

During our photo shoot, we kept on discussing and experimenting. We discussed ideas and she gave me a lot of constructive input throughout the shoot resulting in the amazing images at the end. We got the images we wanted. She is very comfortable in front of the camera and very easy to work with. I am so glad to have worked with her and looking forward to working with her again in near future.

Bustie Beaker, or otherwise known as the Boss Lady of CSW. I am co-owner of a Colorado based independent wrestling company as well as a burlesque dancer and aspiring model. My wrestling company is Colorado Springs Wrestling, if you can't find me there you'll always catch me performing at La Burla Bee in Colorado Springs with the Champagne Cabaret productions. I truly enjoy performing and I love showing everyone my many talents. I have competed in GLCC for burlesque and am starting to start my journey of performing in other states. You can actually find me in New Orleans August 25th/26th. My journey hasn't always been easy, I am a plus size performer so the doors haven't always opened for me. It's been my mission to break down those barriers with full force. All body types are absolutely gorgeous and should be celebrated. Just don't be an asshole and you're cool in my book. I am an Aries and truly believe you receive what you put out into the universe. I am fiery, bold and fierce to be reckoned with. A little quirky fact about me, my name Bustie Beaker. I got the bustie name for obvious reasons. But the Beaker, it has to do with my love for Muppets. I have loved the Muppets since I was a little girl and I thought there was no other fitting name than Beaker. I love what I do as a performer and I love showing off my many assets, it's my hope that you appreciate and celebrate the energy, love and beauty that I try to put out into the universe.
