Always been a dream of mine to be a tattoo artist! However, the right opportunity hasn't cropped up for me as of yet but I'm still hopeful, still drawing & still not giving up. I have been a model for around 10 years now, full of ink myself! I currently work in the beauty sector. I have been published many a times, internationally also.

I have faced many challenges in this industry, at first it was because I was too "alternative" not many people liked the tattooed look but it is getting more noticed & acceptable now which I am glad of.

My names Faye Delune, and I'm A Professional Model, Musician, and Photographer, (Delune Photography) of over 10+ years, but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy, but really, If I can spark a reaction of any kind from my art, then I've met my goal. I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. "I'm A Blank Canvas, Give Me A Story To Tell." / "Lets Tell A Story." / "A Story Within Each Piece" Are the phrases I Use To Describe My Art. Through the years, I've been studying and learning Modeling, Music and Photography at The Professional Level and really enjoying the artistic aspect of it all. In the 10+ years, as a model, musician, and photographer, I have had the honor of being featured in/on countless of Magazines, Runways, Commercials, Editorials, Catalogs, Websites, Social Medias, and more! I have also worked with several Brands, Companies, Businesses, Artists, Designers, Bands, and more! Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model, musician, or photographer, it allows me to meet lots of people, who usually leave impacts on me and vice versa.

I love making art, and love showing it off.

I hope you enjoy my work, and I welcome you to my world. - Faye Delune

I'm a 43 year old Sagittarius from Texas. Modeling has been my passion for 20 years. I'm a lupus warrior and I want to inspire others that's going through a difficult situations in life. When I was first diagnosed I gave up on life and I isolated myself from the world. I couldn't look at myself in the mirror without breaking into tears. It took me 5 years to gain back my confidence. After meeting and conversating with others going through a similar situation I had a better understanding and a support system. Slowly I started back getting in front of the camera but I still wasn't happy with my appearance. I felt like modeling was a waste of time so I focused more on my health and my

mental. I slowly got back behind the camera and gave it one last try. Every since then modeling has been my therapy and go to when I started feeling down. There's no greater feeling than walking on a runway hearing the crown cheer and clap for you. Now I can look at myself in the mirror without crying. I've inspired others with my story and I want to continue bringing joy and smiles to others just like me. No matter what you're going through in life, never give up and follow your dreams no matter.
