Меня зовут Кирилл Иванов. Я из России, Краснодарский край, станица Северская. Мне 11 лет и я профессиональный спортсмен каратэ киокусинкай. Я имею зеленый пояс с коричневой полоской 3 КЮ разряд в киокусинкай. Это значит, что я уже прошел огромный путь и до черного пояса мне осталось пару шагов! Занимаюсь я киокусинкай с 5 лет. Киокусинкай - это мой образ жизни. Все полученные навыки можно применять и в жизни, и в спорте. Этим спортом можно заниматься до старости! Технику каратэ можно применять только, если твоей жизни угрожает опасность. Я выбрал киокусинкай, чтобы преодолеть свои возможности, стать Чемпионом, иметь цель в жизни. Я участвовал в огромном количестве

соревнований, проигрывал и побеждал и снова готов в бой! Я участвовал в краевых, всероссийских турнирах в Москве, Санкт-Петербурге, Краснодаре, объездил много городов, нашел много друзей. Киокусинкай помогает мне исполнить мою мечту. Я хочу получить черный пояс и стать мастером каратэ, хочу участвовать в Чемпионате Европы и Мира. Все это у меня еще впереди, и я тренируюсь каждый день, чтобы не сойти на полпути и достигнуть поставленных целей. Я благодарен вашему журналу, что заметили мой труд и пригласили рассказать о моем спорте и увлечениях всему миру! Осу!

Brihanna Espitia

My name is Brihanna Espitia and I currently have a purple belt in karate. I've been studying martial arts for one year. I was able to achieve this belt in such a short time by testing above average, which allowed my to skip a belt. Also, I have earned 6 gold stars which translates to medals. Martial Arts has taught me to be respectful to others and great discipline. I hope to be an inspiration to others who are thinking about studying martial arts. I do all this while going to school, church and playing little league baseball. In conclusion I have learned to be a leader and great responsibility.

I originally joined HAMMA doing MMA, which I did for a few months and then I had to stop due to

Covid lockdown.

After lockdown when I returned Jamey Pearson who one of the BJJ instructors suggested I should try BJJ. I had two lessons in the beginners class and Jamey suggested to my parents that they should move me to the advanced class in both Gi and no Gi.

I've now been training for just under a year and I

have competed in 5 competitions and I have won four gold and four silver medals.

In most of my competitions, I have had to move up a weight, sex or age category which have been my greatest challenges. All those challenges have made me work harder, and more determined as I know on paper I'm competing at a disadvantage but the support and encouragement I get from everyone at HAMMA is amazing.

Jonathan and Jaden Becker are 13 year old identical twins, from Murphy Texas, that train Brazilian Jiu Jitsu. They started with the sport when they were 9, however in the past two years is when they decided to really dedicate themselves in the sport. Two years ago they started training at Double Five Highland Village number under 1 ranked Rafael 'Formiga' Barbosa and coach Rodrigo Lopes Martins. Since then the boys have competed in many local and IBJJF tournaments. Both boys compete

in the same division at events. In 2021 both boys were able to compete at every kids IBJJF tournament, taking 1st and 2nd at IBJJF Nationals and 1st and 3rd at IBJJF Jiu Jitsu Con. Along with tournaments both boys also have competed in 7 super fights within the past year and half. This year they have their sights on 1st and 2nd at IBJJF Kids Pans and competing in as many IBJJF kids events as possible as they open up. Their long term goal in this sport is to become black belt.

One of the things I love most about BJJ is at HAMMA we are one big family who all support and encourage each other. My most nervous fight at competition was against my friend Hannah Strong who also trains at HAMMA as I wanted to win gold but I also wanted Hannah to win gold too as she's amazing. I won, but Hannah also won gold that day which was amazing.

I train four or five nights a week, my instructors are Connor Martin, John Ward and Jamey Pearson. I also have a PT session one night a week with Jamey and Andrea Newman (Renegade Combat

Sports) at HAMMA. All my instructors at HAMMA are amazing and push me to reach my best potential.

I have recently just gained my last stripe on my white belt and I'm working towards gaining my grey belt. I'm hoping once I get my grey belt I will have more people to compete against in competitions. My dream would be to represent Great Britain at the Olympics and win gold for my country

I have been in the BJJ universe since I was 8 years old. I fell in love with it, and it's been my world ever since. I have been part of many showcases such as Kumite In The Rhine, Jitzkids/Jitzking, and many more. I also am in my first year of Wrestling & am falling in love with it too.

Some of my goals would be to eventually take my Jiu Jitsu game to the next level and do this professionally. I'd also like to improve on my Wrestling abilities and go to the College level, hopefully at The Ohio State University. I'd also like to run & create my own gym for all forms of Grappling & Martial Arts, following in the ways my professors did.

Some of my achievements are getting 1 win at

Jitzking, having 1 win at Kumite in the Rhine, being a 18-time Fuji champion, and a 1-time Fuji National Champion. I've also won many tournaments such as Naga, Newbreed, AGC, AGF, Grappling Industries, & Tap Cancer Out. Also, I went 21-3 in my first year of Wrestling.

I'd like to also thank all of my Coaches & teammates for always pushing me to my limits. I couldn't have gotten this far if it wasn't for them pushing me each & every day to establish the work ethic & drive to win that I have now, and have pushed me to be the young man I've become.

Emily Ohr first started Jiu Jitsu at the age of 7 under professor Mike Sanford. When she was younger she had problems with anxiety and OCD. It was a challenge to let people be around her let alone touch her, but with encouragement from her coach Mike Sanford and some time she was able to overcome some of her anxiety and OCD. Although she still struggles with both on a daily basis, Jiu Jitsu helped her be able to adapt with it .

Through the 9 years of training with Mike Sanford he has opened doors for her that she could have never imagined possible. That includes being able to train with some of the best fighters such as but not limited to Jason Knight, Bill Cooper, Diego Moraes, Ben Eddy, Craig Jones, and Alan Belcher. At the age of 11 she fought her first adult blue belt division at AGF and won. Emily has also had great opportunities like being invited to fight for BFAs

in 2018 and winning the title for the 12 year old division. She was also on Paper View in 2019 for a superfight for the Empire Fighting Championship. She has competed in many superfights for Garcia promotions and empir fight championship. She's has competed in many tournaments in Tennessee florida Alabama Louisiana Texas and Mississippi.

Her dream is to one day become one of the youngest female blackbelts in America. She also wants to be able to inspire young girls to join Jiu Jitsu like how Ronda Rousey inspired her to join when she was 7. Outside of Jiu Jitsu she is homeschooled and working on her goal to go to Ole miss University of Mississippi, to become a lawyer.
