We are Aurora Campesan(19) and Chiara Guzzon (19) two martial artists from Italy. We have been practicing for 6 six years now and we are part of an Italian Team called "Wip Academy" of sensei Marco Ruzzante (world champion x8). We started this journey together in 2016 and we have been competing in musical forms and weapons forms categories, in international tournaments like Irish Open, Unity World Games, Best Fighter and Wako World Championships.

Our last competition was the Italian Open, one of the greatest competitions for forms in Europe. We competed for the first time as a team, we won the Team Sync category and the senior female Grand Champion.

In the future we would like to compete in the United States and in as many tournaments as possible in Europe. We would also like to hold a seminar, this is because at the moment we are coaching children in our academy and we really like to transmit our passion to young talented people. We love to keep pushing our limits with the hope to reach all our goals. Our big dream is to become stuntwomen, until this dream becomes true we will keep training together and living this amazing journey we started.

I was inspired by my brother and watching Pride Martial Arts Demo Team, so I joined the ATA Tigers program last year. I really like earning the different belts, because I like that they incorporate different animal characters and lessons. I want to earn all the belts! I want to

become a Black Belt someday. I have made new friends in Taekwondo and it's a lot of fun because I get to yell, learn techniques like kicks and punches. I have the confidence to protect myself and my friends, and even stand up to bullies now!

Karate means a lot to me it gives me a purpose and a way to express myself both on and off the Matt. I have short, medium and long term goals when it comes to karate. My short terms goals is to get selected for the European championships and fight for my country of Ireland, my medium term goal is to be very successful and podium at the European varsity games and my long term goal is

to remain consistent in my training, preparation and results. I have all the tools to achieve my desired goals and maintain a fixed mindset such as access to Munster Technological Universities sporting help and exceptional facilities and also have Irelands most successful coach, Stephen O' Callaghan training me everyday.

My name is Kurtys Gray, I am 13 years old (19/04/2008). I have been training in Brazilian JiuJitsu for one year and my goal is to make it all the way to black belt. I originally signed up to learn self-defence, but quickly realized I had a passion for the sport and was interested in competing at a higher level. I enjoy playing guard because I can attack and defend from this

position. My skills have improved rapidly and I have already achieved my grey/white belt in the short time I have been training. I am proud to have competed in 5 competitions in the last 12 months and have won 2 gold, 1 silver and 2 bronze medals and I'm excited to compete again in the near future.

We are excited to share our journey through Martial Arts with you. We are 9 and 7 year old brothers known as the "Moc Bros" with a passion for combat sports. Our journey stems from a long lineage background of martial arts with our grandparents who taught and practiced Kung Fu and Jiu Jitsu. Passed down through generations it was the inevitable that we too would become interested and invested into a sport full of discipline and growth. As we begin our journey our goal is to continue challenging ourselves by competing against high level competitors allowing us to strengthen our knowledge and skill. This past year we have both earned our grey/white belts, have won several Jiu Jitsu/ wrestling tournaments, and are currently working towards

competing in Pans Kids 2022. At such a young age our background includes Muay Thai, Jiu Jitsu, Wrestling and some Judo. We train 4-5 days a week on the mats and put in workouts at home 2-3 days a week, all while maintaining our scholarly honor roll status in school. Our dream is that we can achieve our highest potential through Martial Arts and one day become UFC fighters. Our goal is to inspire young athletes to push themselves to the limit both on and off the mats using hardwork, discipline, grit and determination. Our motto is "when you think you have given your all and you're ready to give up, dig deep and push a little harder." -Moc Bros

I joined ATA (American Taekwondo Association) Taekwondo when I was 5 years old, and started in the Tiger program for children under 7. I have made the best of friends here at Pride Martial Arts in Chula Vista, CA. I am part of the competition team since January 2021, and have improved by leaps and bounds in a short amount of time due to training in all events including traditional form, weapons,

combat and regular sparring, as well as Xtreme weapons. My goal is to win both State and District Champion titles as a colored belt this season. Next season, I will earn my 1st degree Black Belt and hope to become a World Champion someday. When I'm in high school, I want work as a Taekwondo instructor, and study in college to become a dentist.
