various places.

He was also inducted into the Ultimate Warrior Hall of Fame, in America International Martial Arts Hall of Fame, in India, he received the International Martial arts Award in Poland, & was inducted into the budo Bushi Hall of Fame also in Poland.

With over 35 different inductions into the Halls of Fame for various categories from lifetime achievements to esteemed Warrior, etc. in America; Soke Faraday has also been blessed to have been inducted into many of the Halls of Fame internationally too.

"London 2x, Argentina 2x, Italy 3x, & both Poland & India for a total of 7x each!"

In ending our 2023 interview with Soke Michael P.

Faraday he says he wishes everyone great success in all that they seek to accomplish & as for himself is going to keep on competing to see what he can achieve until he losses a total of three competitions. He then said that 3 losses is the magic retirement number for him, but really hope to make it to a staggering 1,000. Wins before he losses that 3rd time. If he can go past this too would be really awesome. His next competition is for the Ronin world Championships in Poland where he has already produced his demos totaling 7 different categories for this event.
