My name is Amia and I am 5 years old and I have been training BJJ since I was 3. In the beginning, it really helped me with my body coordination/ balance and now I enjoy learning new techniques and grappling with my friends. Sometimes it can be really challenging, but I am proud when I win or overcome a challenge. One of the other things I really enjoy about BJJ, is that it also helps me in my other activities such as tap and ballet dance. I have won gold in gi and silver in no-gi at a local

Grappling Industries. A few months ago I met Elizabeth Clay at a seminar and when I grow up I want to be as strong as her. I also look up to my Professors Diego and Katie who teach me everything I need to know. My parents and I train together as a family. When I am old enough, I want to be able to teach little kids class but I also want to be a veterinarian.

Reisy Lima

My name is Reisy Lima and I am 9 years old. I started doing Jiu Jitsu last year and I love it. I've decided to do it since the day my Dad went to an academy called Icon Jiu Jitsu Team USA to sign him up and I asked him to also join class and he did, he signed me up.

On my 45th day of training, I did my 1st tournament and get a bronze medal (3rd place) and it felt good, after that I competed in several tournaments here in the USA and also Brazil where I got a gold medal (1st place). I also competed in a world tournament in Pennsylvania, unfortunately my division had only boys but I did well too, I took 2nd place no GI and 3rd with GI.

Brazilian Jiu Jitsu is great martial arts for any age. It

challenges you physically and mentally, I did and I still making lot friends on the mats and also doing competitions. I love training with my teammates because we together we make a lot of progress.

BJJ also teaches you how to handle conflicts and develop new skills. I see BJJ as martial arts and also a hobby that keep me busy and tired out and I felt so happy doing that, I tried training consistently to be good at.

Brazilian Jiu Jitsu showed me how to find solutions for some problems that sometimes I think it is so difficult to resolve. My goals are keeping doing my best, training hard with my teammates and competing in many other competitions.
