I am not just a pretty face I also have a masters degree in social work and I am currently working on getting my LCSW so I can open up my own therapeutic practice. I plan on providing couples therapy in my private practice. A modeling goal for myself this year is to attend New York fashion

week and walk down a runway for a swimwear line or lingerie line.

Thank you for the opportunity to be featured in your magazine.

I, Melanie Bell, am a free spirit that loves life and all the beauty it holds.

I have many goals and I am always finding another one to achieve. Presently I am working towards modelling and someday being a published model.

My greatest achievements so far is raising my three boys. Recently I achieved winning the title of Ms. Alberta and Ms. Canada 21/22. I always enjoyed being in front of the camera at a young age. I did however take 19 years off of modelling to raise my wonderful family.

Some of my challenges I have over come so far, were brain tumour surgery and being a domestic violence survivor.

I still have daily challenges such as continuing to holding a full time job while raising my three boys as a single mother. I work everyday at becoming a role model for other single mothers and my children's friends and families. Mental health, anxiety, and PTSD is a challenge I still face today. I have learned that these challenges will not let me stop from following my dreams. ♥
