Gosh, where do i begin. I first modeled at 4 years old my first time for a magazine for my county. Ever since then i felt happiest and most confident in front of a camera. My dream from then was when i grew older, i was gonna pick this up and try to make that little 4 year old girls lifelong dreams come true of being a published model signed one day with an agency. The challenges i've faced these past 7 years have been the hardest yet. I've dealt with depression, anxiety, and dark dark

times. When i started shooting with photographers recently, all of that has tremendously decreased. I feel I can be myself in front of a camera at my happiest, i feel confident and more myself than i ever have. It's truly my happy place when i'm shooting, and following my dreams to make that little me happy.

Hi I'm Anastacia, I love modelling and have been lucky enough to work with some fantastic photographers so far, and had my pictures published in a couple of magazines, which makes me really excited. My goal and dream is to one day get onto a front cover. I find self confidence a challenge but I've enjoyed pushing through my comfort zones to achieve some great images. I hope you enjoy them :) my Instagram page is sv.modelling

I am currently in school to be an esthetician. By June, I will be licensed. My goal is to be independent. Later, open up my a spa to help others feel and look fabulous. My dream is to travel the world. I would love to explore places that have not been explored, try food I probably

would never try, and just embrace other cultures. I am very proud of myself for being a vegetarian for 10 years now. Its been a great journey so far! I know this is something that will stick with me for life.
