what is most important to me Dreams - an inseparable element of real life.

Perhaps it cannot be unequivocally stated that dreams are as important in a person's life as breathing. However, a person who gives up their dreams - doesn't believe in anything, has no aspirations or goals to pursue - has a significant problem in their life that they should quickly notice. We should never give up what dreams give us in life. However, we are not talking about the night visions that occur during sleep. When talking about dreams, we refer to what we would

like to achieve in life, to what we put in front of us, to goals and aspirations, to desires. Dreams make life meaningful

A person who stops dreaming is someone who has no goals anymore. Such a person is in a difficult situation. Why? Because there are no strong motives that would allow her to develop further. Our desires and the will to fulfill them are the driving force for action.

Photographer Ambition :

Fear of failure, Striving for that perfect moment I don't care if its technically perfect, I do care it reveals a truth and an emotion. Whisper this quietly I don't like Cartier Bresson his work leaves me cold. Capra and Macullen are perhaps my two early influences, their immediacy raw brutal approach to the work hits you where the heart is. Cecil Beaton was an amazing Photographer I was lucky enough to catch the recent retrospective world tour his estate gave. His images are emotive, cold, full of subtle movement and yet as still as a vase. Yet in each one of them you can connect with his subject be it the Queen of England or Nureyev. Hurrell and his like taught me how a person should be idealised refined as a concept, stripped of all complex lighting, revealed to be icons with rock hard light, a pose and a vision. Bailey is so simple he is too complicated for me, I have looked and looked at his work. It is refined, styled by a vision, crafted out of love and lust and presented in a way that doesn't give a damn. He likes it he presents it he doesn't care. Perhaps the true mark of a Master. Carlos Clark was someone I studied long and hard, looking at old articles, interviews, I was always striving to get at least two percent of his work and vision in my printing and photography. I didn't even get close to that. Just the raw Sexuality and sensuality of his vision exploded off the pages of magazines, stark mono the interplay of light on latex and the curve and shadow in juxtaposition to the angularity of his sets. The antithesis of Bailey but two masters who shared a vision and only cared about their own photographic voice.

My names Faye Delune, and I'm A Professional Model, Promoter and Photographer, (Delune Photography) of over 10+ years, but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy, but really, If I can spark a reaction of any kind from my art, then I've met my goal. I'm a huge nature lover, who's obsessed with all things astrology and space. so I try my best to incorporate nature and astrology into my work. But really, I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. "I'm A Blank Canvas, Give Me A Story To Tell." / "Lets Tell A Story." / "A Story Within Each Piece" Are the phrases I Use To Describe My Art. For the past 10 years, I've been studying and learning Photography, Modeling, Promoting and Marketing at The Professional Level and really enjoying the artistic aspect of it all. In 10 years, as a model, photographer, and Promoter, I have had the honor of being featured in/on countless of Magazines, Runways, Commercials, Editorials, Catalogs, Websites, Social Medias, and more! I have also worked with several Brands, Companies, Businesses, Artists, Designers, Bands, and more! Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model, photographer or promoter, it allows me to meet lots of people, who usually leave impacts on me and vice versa.

I love making art, and love showing it off.

I hope you enjoy my work, and I welcome you to my world.
