I had a lot of ankle surgery in my late twenties and could not walk well for years during this and physical therapy. Subsequently, I gained a lot of weight and lost site of enjoying my body. I started losing weight, had some mire fun surgery, and now I plan to keep enjoying a body I built

that I actually like.

My name is Renate.. I am 52 years old and mother of 2 adult children.. Six months ago I emigrated from the Netherlands to Belgium.. I have been walking in fashion shows since I was ten.. I later followed a fashion course.. Designed and created my own children's clothing line.. And walked fashion shows and ended up in photo shoots as a model..

I also like to take photographs, so I am in front of, but also behind the camera have been in various magazines and the highlight was on a billboard in New York last year. I don't know what the future will bring. I will see what comes my way. Moreover, I want to give everyone a chance, including novice photographers...
