I've been very fortunate to have been very successful in life. I've been in Hustler Magazine several times, shot for Kink and Reality Kings, as well as been on countless magazine covers and box covers. I completed my Associates Degree but

now I'm looking forward to obtaining my Bachelor's.

I have always been interested in modelling and told I was pretty but lacked the confidence and the knowledge on how to start a modelling career.

I recently found out that my auntie was a published model and she introduced me to one of her friends who is a top portrait/glamour photographer with his own studio's in Bangkok. I am a shy girl naturally, but from my first session

they have encouraged me and my confidence has grown. In fact now I love being in front of a camera, it gives be a real buzz. I would love to model and hopefully it will finance me through university, and then continue full time after completing my education.

Living the God dream. My super power is my spirituality mixed with exotic. The perfect God & beauty. I grew up loving dressing up. I always see the beauty in everyone. Loving art and all culture, diversity and humanity. I have loved dancing, gymnastics, fitness and modeling. My own God work has been in addiction, mental health and other trauma informed management. I believe that anyone can change. My passion of modeling has been my driven force in my art. I have been

blessed to be on a TV commercial, in NYC shows, be on the cover of two albums and walked on the runways in NYFW. My specialty is any pinup style. When I am creating my vision, I feel love. My tip to all is always being you no matter what the judgement and opinions. The only thing that matters is the dream, the vision, the love. These are my dreams.

My name is Lindsay Machin, I'm 39 years old. I have been modeling since I was 8 years old; Since I have been modeling I've come across some amazing models and photographers that have welcomed me into the modeling world even deeper. I love shooting any style and creating magical concepts. My goals in my modeling life is to achieve greatly and make it into every magazine type you can think of, turning my modeling into a career one day. One of my biggest things I love doing is once I get new ink, I love to show it off and make a story out

of my tattoos through my modeling. I have come across many challenges, One thing, I tell myself about challenges "There no challenge that I can't handle". As long as you do your best and practice, the better you'll feel accomplished with the challenge and yourself when they come your way.
