Hello. My name is Anastacia and I've recently got into modelling. This was my first ever implied nude shoot and I love every minute. I've struggling with self confidence growing up and doing this has helped me in so many ways and

helped me grow as a person. I've been published in a hand full of magazines and it's my goal and dream to get onto a front page one day. My Instagram is sv.modelling

Never would I have thought that at 28 years old, I'd be where I am today. I struggled with myself for years — my image, love for myself, setting goals to achieve.. I want you all to know that you can do whatever you set your mind to and the only thing holding you back is YOU. I am thriving and I am leaps and bounds ahead of anything I could have ever dreamed as a young adult. I can only go up from here of course, but here are a couple of things I am proud of:

I am an entrepreneur. I co-own an MMA company, ChkM8 Entertainment, in which we have a podcast called FightShow that I co-host and an organic, fair trade, specialty coffee brand called ChkM8 Specialty Roasters. I am sharing my knowledge and passion with the world.

I am a model. I work with several photographers and am signed with the wonderful Jordy's Angels. I work for Playboy and also do live cam shows. I am sharing my beauty with the world.

There are many things I want to share with the world but I will start with my knowledge and beauty first. The rest is soon to come so stick around and don't count me out.

Model's Article I'm a freelance traveling model who loves to create. I love expressing and drawing the viewer in with my art, and I hope to only grow with my craft. Art is such a passion and I'm so grateful I can spend my time and energy toward it. I'd love to travel more with modeling, and involve

myself with bigger projects. Each photoshoot is memorable, from the photographer, concept, look, etc. I love creating beautiful memories as well as the physical art.

Luna has been modeling since the mid 80's. She started out as a Hustler Beaver Hunt Girl, which led to a position at one of Larry Flynt's magazines, Busty Beauties. Active on the music scene, Luna was a muse and rock groupie, performed on stage in Chicago with Mortis at The Expo of The Extreme and caught the eye of filmmaker Bill Zebub. She appeared in his publications and made a cameo in his film Assmonster:The Making of a Horror Movie. But Luna's real passion is modeling-in print or in person. She posed for art galleries and live classes in South Florida for years. "It was challenging to come up with a new pose every 5 minutes that would satisfy every person in the room. Your head had to be in the game. After class, someone would usually ask me if I was ashamed to stand nude in front of all of those people. The answer was no. That was the situation where I felt totally free. What is next for Luna? She is looking to collaborate with other models or creators. One is never to old to learn new tricks.

I love to model to express my fully natural body. Telling a story through my modeling gives me light to reach ladies that are scared to come out and show what God gave them. Love yourself inside and outside!
